Subject: Extension to the Bowdon Conservation Area

Dear Elisabeth,

We understand that in the Land Allocations Document the following roads have been suggested for inclusion in the Bowdon Conservation Area.

Enville Road, Winton Road, Portland Road, that part of Cavendish Road not already included, Belgrave Road, Nield's Brow, Grange Road (part), Vale Road & Apsley Grove, Bow Green Road (top end) Bradgate Road and Oldfield Lane.

Delamer Road is in two parts - one part presumably is in The Downs Conservation Area, has that part between Cavendish Road and Enville Road been included in the Bowdon Conservation Area?

Strictly speaking shouldn't Bradgate Road and Oldfield Lane be in The Devisdale Conservation Area?

We would like to thank TMBC for extending the Bowdon Conservation Area therefore do you know when the extension will be adopted or is it already adopted?

We look forward to hearing from you.

Best wishes,
Christine
