1. Scope of Responsibility

- 1.1 Trafford Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. Trafford Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regards to a combination of economy, efficiency and effectiveness.
- 1.2 In discharging this overall responsibility, Trafford Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.
- 1.3 Trafford Council has approved and adopted a code of corporate governance, which is consistent with the principles of the CIPFA/SOLACE Framework 'Delivering Good Governance in Local Government'. A copy of the Authority's code is on our website at : http://www.trafford.gov.uk/cme/live/dynamic/DocMan2Document.asp?document_id=A11CE6BB-DC70-4E12-A1F1-651099586309. This statement explains how Trafford Council has complied with the code and also meets the requirements of Accounts and Audit (England) Regulations 2011, regulation 4 (3), which requires all relevant bodies to prepare an annual governance statement.

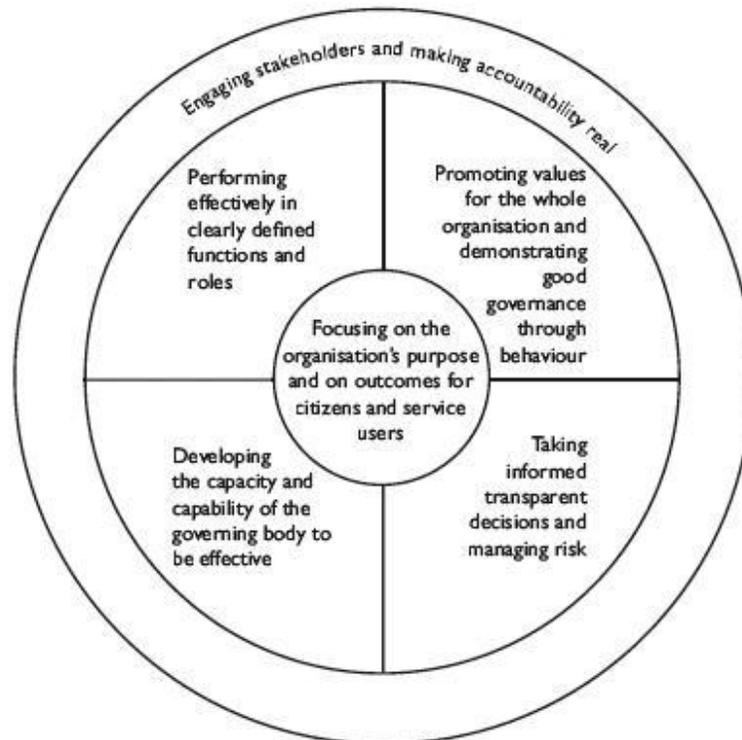

2. Purpose of the Governance framework

- 2.1 The governance framework comprises the systems and processes, culture and values by which the Authority is directed and controlled and its activities through which it accounts to, engages with and leads its communities. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Trafford Council's policies, aims and objectives, to evaluate the likelihood and potential impact of those risks being realised, and to manage them efficiently, effectively and economically.
- 2.3 The governance framework has been in place at Trafford Council for the year ended 31 March 2013 and up to the date of approval of the statement of accounts.

3. The Governance Framework

3.1 The Authority has adopted a local governance framework which is consistent with the principles of the CIPFA/SOLACE Framework 'Delivering Good Governance in Local Government'. It is reviewed and updated periodically to ensure it remains fit for purpose. The Trafford Council Corporate Governance Code sets out in detail how the Authority meets the requirements of the framework. The Framework is based on 6 principles of good governance as follows:

:

3.2 The key elements of the system and processes that comprise the authority's governance framework are outlined in this Annual Governance Statement, describing how the Authority can demonstrate the effectiveness of governance arrangements during 2012/13 with reference to each of the six governance principles.

Reshaping Trafford Council has been recognised as a key priority reflecting the need to continue to develop innovative approaches and work in collaboration.</p> <p>The Council continues to lead and support development of the Trafford Partnership. In response to the localism agenda, the Authority presented its "Vision 2015" as part of the 2013-15 budget consultation process. This supports the Trafford Partnership vision for locality working, setting out how through developing robust partnerships it will achieve the best possible outcomes based on the collective resource available.</p> <p>In March 2013, the Trafford Partnership won the Local Government Chronicle 2013 'Public Sector Partnership Award'. It was commended for its innovative and successful approaches to attracting external investment, involving residents in decision making and working in partnership to tackle key issues such as crime, health and employment, including for the most vulnerable residents in our community. Secondly, in 2012/13, the Council also obtained the Improvement and Efficiency "Working Together" Silver Award, for its collaboration activity with Greater Manchester Police at Stretford Police Station, given the approach taken to identify buildings and services suitable for co-location, the use of innovative technology, data sharing and the development of expertise by joint working.</p> <p>The Council has continued to deliver a dynamic Transformation Programme, delivering savings ahead of schedule and exceeding target. At the end of 2012/13 the Council had realised total savings for the year of over £12m. In 2012, one of the Transformation projects, Project SWITCh, which included collaboration with Wigan and Stockport Councils to implement an HR and Payroll System, won "Best Implementation Project category" in the Payroll World awards. As part of the transformation project to achieve long term accommodation savings, in 2012/13 work in rebuilding and refurbishing the Town Hall was completed.</p> <p>The three year Capital Programme has been fully reviewed and remodelled as part of the budget process to ensure it continues to meet corporate priorities and is affordable with the level of resources available. Throughout 2012/13 the CMT and Executive received regular financial reports to monitor the revenue and capital budget position.</p> <p>An Annual Delivery Plan sets out the key deliverables for the coming year supported by individual Corporate Directorate plans, which connect service objectives and associated actions to the community vision and corporate priorities. Progress against the 2012/13 Annual Delivery</p>	

Plan was reported quarterly through CMT and the Executive. Monthly performance reports were provided to the Executive Portfolio holder.

How we have delivered against the Principle in 2012/13

The Council Constitution in place sets out how the Council operates, how decisions are made, and the procedures that are followed to ensure that these are efficient, transparent and accountable to local people.

A review of the Constitution has taken place during 2012/13 to ensure that this reflects recent organisational changes and that working practices are still relevant for the efficient operation of the Council. Member Officer Relations Protocols have been developed which provide guidance to assist in facilitating good working relations between members and officers.

The Employment Committee continued to meet throughout the year and received updates on key workforce issues including proposed changes to employee terms and conditions. The Council’s Pay Policy was reviewed (and updated after the year end in April 2013).

The Council has integrated Adult and Children’s Services to create the Children’s, Families and Wellbeing Directorate from April 2013. This will incorporate Public Health responsibilities which transferred to the Council on 1 April 2013 including the Director of Public Health statutory post. A due diligence exercise was undertaken during 2012/13 as part of the transfer of responsibilities to the Council. Implementation of governance arrangements will continue to be monitored.

In accordance with the requirements of the Health & Social Care Act 2012, a shadow Health & Wellbeing Board has been operating since May 2012, with existing membership and working

arrangements formally adopted from 1st April 2013.

How we have delivered against the Principle in 2012/13	
<p>The Council has adopted the requirements of the Local Authorities (Executive Arrangements) (Meetings and Access to Information) Regulations which came into effect during Sept 2012. Details of key decisions must be published at least 28 days before this is due to be taken. Action plans have been agreed with services where areas for improvements in controls have been identified. Further quarterly update reports will be issued through 2013/14 which will include reference where applicable to any work relating to 2012/13 transactions.</p> <p>The Internal Audit function, provided by the Audit and Assurance Service operated in 2012/13 in accordance with the CIPFA Code of Audit Practice for Internal Audit. The External Auditor's Annual Governance Report 2011/12 presented in Sept 2012 provided an unqualified opinion on the financial statements and identified proper arrangements in place to secure value for money. The Report highlighted the need for some control improvements in the payroll system which it was confirmed in the External Annual Audit Letter in November 2012 that the Council is addressing. The External Auditors will report their findings in respect of 2012/13 to the September 2013 Accounts and Audit Committee.

CIPFA SOLACE Principle 6.	Key Elements of Trafford Framework
Engaging with local people and other stakeholders to ensure robust public accountability	<ul style="list-style-type: none"> • Website • Budget Consultation • Locality Partnerships • Neighbourhood Forums • Info Trafford • Corporate Complaints Procedure

How we have delivered against the Principle in 2012/13

The Council continues to demonstrate compliance with Open Data requirements, publishing details of a range of financial and performance data on its website.

The InfoTrafford site has developed significantly and the range of data available continues to be extended now incorporating data from the 2011 Census, geo demographic segmentation data; and a wide range of health data. Ward Profiles have been developed, providing stakeholders access to a wide range of data at ward level. Examples of research activity during 2012/13 include understanding the impact of welfare reform and modelling and analysing data in the context of Locality Needs. InfoTrafford is being utilised by Third Sector organisations and a bid toolkit will be developed to allow organisations to quickly access information to support applications for funding.

Over 5,000 people have been using the Council's Application for iPhone and Android devices to find information, report issues and locate nearby facilities since it was launched in 2010. Further enhancements to the Apps are planned, which will improve functionality and services for users.

The Budget Consultation 2013-15 took place over 3 months commencing in Oct 2012, publicised through the Your Trafford magazine delivered to every household in Trafford. A variety of mechanisms were used including questionnaires, surveys, easy read versions, letters to service users, face to face briefings, public meetings, a dedicated helpline and use of brokers. Responses were received from over 3000 service users and 200 organisations.

The Council has reviewed its strategic approach to Customer Service and in 2013/14 will publish its Customer Strategy which aims to embed customer service excellence across the

organisation. The strategy recommendations will be delivered and monitored through the Customer Strategic Delivery Group which will be monitored by the Transformation, Performance and Resources Group. The Council has an approved Corporate Complaints Policy and supporting guidance and this has also been subject to review as part of the development of the Customer Strategy. In 2013/14, the Customer Strategy, including the outcomes of the complaints review, will be made available to the public for consultation ahead of formal approval by the Executive.

The Council has led the response to the Localism agenda and through its Vision 2015 has set out its commitment to involve residents and devolve services to local communities. This includes the introduction of four Locality Boards from April 2013 to be launched with a role in engaging the community, understanding local needs and coordinating existing plans and activities. Local residents will be represented on Locality Partnerships through the appointment of a number of individuals as Community Ambassadors who will represent in deciding local priorities and shaping local services.

The Council has procured a Third Sector Infrastructure Support Organisation to deliver the objectives of the Third Sector Strategy. During 2012/13 performance against the delivery plan was on target.

The Trafford Partnership hosts an annual stakeholder engagement event; In the previous year, the March 2012 Neighbourhood Action Event was attended by over 200 public, private and third sector representatives engaging stakeholders to identify priorities and actions at neighbourhood level. During 2012/13 £200,000 community grants have been allocated across four neighbourhoods through participatory budgeting. (The 4th annual event 'Shape the Future' was held in April 2013 to formally launch the Locality Partnerships).

The Council's Neighbourhood Forums provide a public forum to discuss local issues and understand how the Council is working to tackle them.

The Council's Procurement Service and local partners coordinate the Annual Meet the Buyer event (last held in March 2013) to invite local businesses to learn about forthcoming procurement opportunities and obtain information and advice.

4. Review of effectiveness

- 4.1 Trafford Council's Corporate Governance Code sets out the Authority's responsibility to undertake a review of the effectiveness of its governance framework on an annual basis. The review of effectiveness is informed by the work of the executive managers within the Authority who have responsibility for the development and maintenance of the governance environment, the Head of Internal Audit's annual report, and also by comments made by the external auditors and the results of other reviews / inspections.
- 4.2 The processes applied and sources of assurance obtained in maintaining and reviewing the effectiveness of governance arrangements and, as part of that, the system of internal control includes

- 4.3 These governance functions are described in more detail within the Council's Corporate Governance Code and specific assurances or improvements delivered during 2012/13 are detailed in Sections 3 and 5 of this Statement.
- 4.4 We have been advised on the implications of the result of the review of the effectiveness of the governance framework by the Accounts and Audit Committee, and that the arrangements continue to be regarded as fit for purpose in accordance with the governance framework. The areas already addressed and those to be specifically addressed with new actions planned are set out in Section 5.**

5. Significant Governance issues

- 5.1 The Council takes seriously its responsibilities and duties with regard to ensuring continuous improvement in the way its functions are exercised and in consideration of economy, efficiency and effectiveness.
- 5.2 In response to the 2011/12 review of the internal control environment and the identification of a number of control issues, the Council has taken significant action to address those issues and implement appropriate improvement actions through 2012/13:

2011/12 issue	Action Taken in 2012/13
<p>1. Continue in 2012/13 to fully embed records management and information management practices, policies and procedures across the Council.</p>	<p>The Records Management Project has continued to progress throughout 2012/13. (The Accounts and Audit Committee received an update on progress at its February 2013 meeting).</p> <p>All cutover activities associated with preparing teams for the introduction of the new ways of working with the electronic document and records management system (EDRMS) have been completed.</p> <p>A new contract for offsite storage, scan on demand and destruction of confidential records has been procured with all teams using the service on a daily basis. In addition a number of teams including Human Resources, Legal Services and parts of Finance have carried out scanning projects of legacy documents; all these documents are available through an online viewing platform. The result of this is more efficient and effective access to records, access based on a robust security model and a huge reduction in the storage footprint of the new town hall.</p>
<p>2. Development of a formal workforce plan, the development of the organisational wide training and development strategy and internal mentoring and coaching programmes.</p>	<p>There has been significant progress made in the wider leadership, management and workforce development agenda. (The Accounts and Audit Committee received an update at its March 2013 meeting of key developments).</p> <p>Details of progress made are reflected in section 3 of this Statement (Core Principle 5) including developments in relation to the People Strategy, training and developments plans and programmes, mentoring scheme and apprenticeship scheme.</p>
<p>3. Review and update of the Council's Anti-Fraud and</p>	<p>The Council's Anti-Fraud and Corruption Strategy was reviewed and updated in 2012/13 as planned</p>

2011/12 issue	Action Taken in 2012/13
Corruption Strategy with the development of supporting guidance to ensure effective anti-fraud and corruption measures continue to be in place.	and approved by the Accounts and Audit Committee. Supporting guidance has been reviewed and updated and is being rolled out across the Council. This has included updated guidance for reporting fraud and the provision of an e-learning tool. Ongoing awareness raising work will continue in 2013/14.

5.3 The Council is committed to achieving its objectives through good governance and continuous improvement. Going forward, the Council will continue to transform service delivery arrangements, to ensure the Council effectively delivers its objectives and manages its resources to meet the ongoing financial challenges being faced.

5.4 Detailed below are significant governance issues and a summary of the actions planned to address these in 2013/14.

2012/13 Issues and Action Planned 2013/14
<p>1. Records Management</p> <p>As part of the records management programme the Council tendered for an EDRMS solution but the initial solution identified was found not to meet the Council's requirements so the process of obtaining a suitable solution is still in progress.</p> <p>This has not stopped the programme of works as work is continuing to improve business processes around managing the lifecycle of Trafford Council records, reviewing the current security model and implementing changes to meet 'best practice'. All work carried out to date on the cutover activities will be used in this next phase and therefore it has been a 'value added' activity as part of the journey to improve our records management practices.</p> <p>The Information Security Governance group is now fully formed and a number of work streams are in progress including reviews of current policies and procedures, gap analysis, registration with ICT connections for working with Health teams plus a number of bespoke training packages to improve the education and understanding of employees regarding information security and information governance.</p> <p>2. Locality Partnerships</p> <p>As referred to earlier, the Council has set out its commitment to involve residents and devolve services to local communities. This includes the introduction of four Locality Boards from April 2013 to be launched with a role in engaging the community, understanding local needs and coordinating existing plans and activities.</p> <p>The Locality Partnerships will be developed during 2013/14 and transform from shadow form to full status. During the first year a Locality Assessment and action plan will be developed, alongside terms of reference and a code of conduct. An outcomes framework will also be developed, linked to the action plan, and will focus on not only quantitative outcomes but also qualitative outcomes and experiences.</p>

2012/13 Issues and Action Planned 2013/14

The governance framework includes reporting to the Stronger Communities Board and the Trafford Partnership Executive.

3. Terms and Conditions

In 2012/13, the Council began a process of considering a number of options which would result in changes to staff terms and conditions as part of ongoing plans to achieve savings. The Council started a review of staff terms and conditions to try to find ways to achieve maximum savings with minimum impact on the workforce and where at all possible, without changing core employment benefits, i.e. basic pay and pensions. The Council also wants to protect those staff on lower salaries.

In 2012/13, a number of ideas were shared with staff and trade unions to gain feedback to assist in considering any possible changes. Staff were given the opportunity to comment on the initial ideas and also provide alternative suggestions. In 2013/14, proposals for changes to terms and conditions are to be developed for formal consultation.

4. Public Health

Responsibility for Public Health transferred to Trafford Council on 1 April 2013. The Council provides a lead on health and wellbeing priorities to improve local health outcomes. Plans focus on commissioning existing, new and innovative public health services, with a range of partners across public sector, private and voluntary sector partnerships. From 1 April 2013, the Council also has responsibility for ensuring areas such as emergency planning, immunisation and screening programmes, infection control, outbreaks and incidents are effectively co-ordinated to preserve and protect the lives of Trafford residents.

Following on from work undertaken in 2012/13 to prepare for the transfer of responsibility to the Council, further action will be taken to ensure effective governance arrangements are in place to support the Council meeting its responsibilities effectively. The Council's Public Health Business Delivery Group has been established which is led by the Director of Public Health. In addition a Public Health Review Programme Board has been convened which will oversee a collaborative review of all key work streams linked to the current Public Health Programme to determine future commissioning intentions and spend. This includes the development of a detailed risk register which will be informed by the review.

5. Public Service Reform in Trafford

Partners in Trafford are committed at the highest level to a collective programme of Public Service Reform (PSR). The objectives of this programme are:

- to ensure that residents in the Borough can benefit from future economic growth, by designing services that can better support them to make positive choices and be independent; and
- to meet the challenge of public sector austerity by reforming services collectively, such that outcomes for residents in the Borough are better than they would have been had reforms been undertaken solely by agencies acting alone.

There is a detailed implementation plan for the first phase of this Public Service Reform

2012/13 Issues and Action Planned 2013/14

(PSR) programme in Trafford which will be progressed through 2013/14. It sets out which agencies, partnerships and individuals are currently undertaking tasks as part of the programme, and what success will look like in the future. Local agencies are currently aligning their own organisational transformation and savings programmes. There is a clear Trafford governance and accountability structure in place which is linked to the Greater Manchester Governance and delivery model.

The detailed thematic plans consider the following:

- **new integrated services** that reduce demand on public agencies in the Borough
- **new investment models** that are able to sustain funding of these services by capturing and reallocating the resources released by this reduced demand; and
- **new approaches to evaluating our integrated services** to show where they are more effective than existing practice, and where possible to create an evidence base that can attract future investment.

Central to the success of this programme so far has been in ensuring a clear focus on the reform of public services as a whole in Trafford. There are significant synergies between the different work streams. The benefits of many of these synergies are being captured by ensuring that there is a whole-family focus which sits at the heart of our new integrated delivery models.

- 5.5 We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.
