

# Trafford Deaf Advocacy & Well-being Service

We support deaf, hard of hearing, deafened and deaf blind people in Trafford. We improve access to hospitals, GPs and social care. We want to remove barriers for the deaf community to improve your life!

“The Trafford Advocacy Service really helped me with lots of issues, I am really happy they supported me. The service is fully confidential, they will not share your information with anyone. I told my friends to get support here”

-Mandeep
