Dear resident,

Re: Trafford Council Housing Survey 2019

Trafford Council has a statutory responsibility to prepare housing and planning policies which involves an understanding of the requirements of local communities. An update to the Council's housing evidence base is now needed and this is collected through a household survey. An independent housing research consultancy arc⁴ Ltd have been appointed by the Council to collect a range of housing related information including details from people currently living in all types of housing across the borough. A household survey (enclosed) is being sent to a random selection of households across the borough and its findings together with other data sources will help inform the Council about the amount and type of housing required by different households over the coming years.

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Published reports will not identify individuals or households but will be reported at a sub-area/ward level. The information you provide will not be used to identify you or your household, will be kept strictly confidential and will not be passed to any third parties (other than arc⁴ Ltd who are conducting the survey).

If you have any further questions, please contact a representative from the arc⁴ Ltd support team on Freephone: **0800 612 9133** or you can contact the Council directly at the details above.

Yours sincerely,

Stephen James, Head of Strategic Growth

Dear resident,

Re: Trafford Council Housing Survey 2019

Trafford Council has a statutory responsibility to prepare housing and planning policies which involves an understanding of the requirements of local communities. An update to the Council's housing evidence base is now needed and this is collected through a household survey. An independent housing research consultancy arc⁴ Ltd have been appointed by the Council to collect a range of housing related information including details from people currently living in all types of housing across the borough. A household survey (enclosed) is being sent to a random selection of households across the borough and its findings together with other data sources will help inform the Council about the amount and type of housing required by different households over the coming years.

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Published reports will not identify individuals or households but will be reported at a sub-area/ward level. The information you provide will not be used to identify you or your household, will be kept strictly confidential and will not be passed to any third parties (other than arc⁴ Ltd who are conducting the survey).

If you have any further questions, please contact a representative from the arc⁴ Ltd support team on Freephone: **0800 612 9133** or you can contact the Council directly at the details above.

Yours sincerely,

Stephen James, Head of Strategic Growth

An independent housing research consultancy arc⁴ Ltd have been appointed by the Council to collect a range of housing related information including details from people currently living in all types of housing across the borough. A household survey (enclosed) is being sent to a random selection of households across the borough and its findings together with other data sources will help inform the Council about the amount and type of housing required by different households over the coming years.

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Published reports will not identify individuals or households but will be reported at a sub-area/ward level. The information you provide will not be used to identify you or your household, will be kept strictly confidential and will not be passed to any third parties (other than arc⁴ Ltd who are conducting the survey).

If you have any further questions, please contact a representative from the arc⁴ Ltd support team on Freephone: **0800 612 9133** or you can contact the Council directly at the details above.

Yours sincerely,

Stephen James, Head of Strategic Growth

An update to the Council's housing evidence base is now needed and this is collected through a household survey. An independent housing research consultancy arc⁴ Ltd have been appointed by the Council to collect a range of housing related information including details from people currently living in all types of housing across the borough. A household survey (enclosed) is being sent to a random selection of households across the borough and its findings together with other data sources will help inform the Council about the amount and type of housing required by different households over the coming years.

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Published reports will not identify individuals or households but will be reported at a sub-area/ward level. The information you provide will not be used to identify you or your household, will be kept strictly confidential and will not be passed to any third parties (other than arc⁴ Ltd who are conducting the survey).

If you have any further questions, please contact a representative from the arc⁴ Ltd support team on Freephone: **0800 612 9133** or you can contact the Council directly at the details above.

Yours sincerely,

Stephen James, Head of Strategic Growth

Dear resident,

Re: Trafford Council Housing Survey 2019

Trafford Council has a statutory responsibility to prepare housing and planning policies which involves an understanding of the requirements of local communities. An update to the Council's housing evidence base is now needed and this is collected through a household survey. An independent housing research consultancy arc⁴ Ltd have been appointed by the Council to collect a range of housing related information including details from people currently living in all types of housing across the borough. A household survey (enclosed) is being sent to a random selection of households across the borough and its findings together with other data sources will help inform the Council about the amount and type of housing required by different households over the coming years.

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Published reports will not identify individuals or households but will be reported at a sub-area/ward level. The information you provide will not be used to identify you or your household, will be kept strictly confidential and will not be passed to any third parties (other than arc⁴ Ltd who are conducting the survey).

If you have any further questions, please contact a representative from the arc⁴ Ltd support team on Freephone: **0800 612 9133** or you can contact the Council directly at the details above.

Yours sincerely,

Stephen James, Head of Strategic Growth

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Published reports will not identify individuals or households but will be reported at a sub-area/ward level. The information you provide will not be used to identify you or your household, will be kept strictly confidential and will not be passed to any third parties (other than arc⁴ Ltd who are conducting the survey).

If you have any further questions, please contact a representative from the arc⁴ Ltd support team on Freephone: **0800 612 9133** or you can contact the Council directly at the details above.

Yours sincerely,

Stephen James, Head of Strategic Growth

Dear resident,

Re: Trafford Council Housing Survey 2019

Trafford Council has a statutory responsibility to prepare housing and planning policies which involves an understanding of the requirements of local communities. An update to the Council's housing evidence base is now needed and this is collected through a household survey. An independent housing research consultancy arc⁴ Ltd have been appointed by the Council to collect a range of housing related information including details from people currently living in all types of housing across the borough. A household survey (enclosed) is being sent to a random selection of households across the borough and its findings together with other data sources will help inform the Council about the amount and type of housing required by different households over the coming years.

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Dear resident,

Re: Trafford Council Housing Survey 2019

Trafford Council has a statutory responsibility to prepare housing and planning policies which involves an understanding of the requirements of local communities. An update to the Council's housing evidence base is now needed and this is collected through a household survey. An independent housing research consultancy arc⁴ Ltd have been appointed by the Council to collect a range of housing related information including details from people currently living in all types of housing across the borough. A household survey (enclosed) is being sent to a random selection of households across the borough and its findings together with other data sources will help inform the Council about the amount and type of housing required by different households over the coming years.

We hope you will help us with this important piece of work and take the time to fill in the survey - it should only take about 10-15 minutes. The survey should be completed by a household representative. Completed surveys should be returned in the enclosed **FREEPOST** envelope (no stamp required) by **Tuesday, 7th of May 2019**. Alternatively, you can complete the survey online at www.traffordcouncilhousingstudy2019.co.uk and quote the five-digit reference number at the top of the survey or on this letter.

All of the information you provide will be handled by arc⁴ Ltd in accordance with GDPR and the Data Protection Act 2018. Published reports will not identify individuals or households but will be reported at a sub-area/ward level. The information you provide will not be used to identify you or your household, will be kept strictly confidential and will not be passed to any third parties (other than arc⁴ Ltd who are conducting the survey).

If you have any further questions, please contact a representative from the arc⁴ Ltd support team on Freephone: **0800 612 9133** or you can contact the Council directly at the details above.

Yours sincerely,

Stephen James, Head of Strategic Growth
