You asked:

Please see attached the latest LHA comments. In particular I draw your attention to section '2.3 Car Parking Arrangements' which recommends a strategy of parking surveys and potential TRO amendments to ensure that the development does not generate any issues with on-street parking in nearby residential locations.

Please can you advise by close of play today whether your client would be willing to accept a commitment to undertake and/or fund parking surveys on surrounding streets, and where necessary, to seek and fund Traffic Regulation Orders and amendments/extensions to resident parking schemes?

Yes, this is agreed and we assume a condition similar to that on the Kellogg's redevelopment site would be used.

Kind regards

Please can you also provide comments on the developer contribution requests as per my email on Friday. I'd be grateful if you could provide me with a response by close of play today as the agenda is being published tomorrow.

Kind regards
