SUSTAINABILITY APPRAISAL**

29 September 2011

COUNCIL'S RESPONSE TO MATTERS RAISED IN RELATION TO THE SUSTAINABILITY APPRAISAL

At the Hearing session on the 28 September Royal London Asset Management raised some concerns relating to the Sustainability Appraisal.

Having considered these matters the Council is satisfied that the issues raised can be dealt with by preparing and submitting a report which details the stages in the Sustainability Appraisal process. This report will bring together the results of all SA undertaken since 2007 in a single place to improve the readers understanding of the process.

The Council proposes to submit this document to the Examination process by no later than 4pm Friday 07 October at which point all consultees will be notified. The document will be available on the Council's website and placed on deposit for a 2 week consultation. The Consultation will formally close at 12pm 24 October.

Any representations made during this process will be considered by the Inspector who will consider if it is necessary to hold another Hearing session on this matter.
