

TRAFFORD
COUNCIL

**Council's response to the Request for an
Amendment to the Strategic Location
Requirements in Relation to
Mitigation on the M60**

4th March 2011

Introduction

At the third Hearing session of the Trafford Core Strategy Examination the Inspector considered in relation to several references to the requirement to contribute to mitigation measures on the M60, apparently not being justified by currently available evidence, that for soundness reasons these references should be deleted..

Council's Response

Having given consideration to this matter, the Council proposes to delete the development requirements within Strategic Location policies SL4 and SL5 requiring contributions to mitigation measures on the M60, to ensure the soundness of the Plan.

Suggested Change S300.13 and S300.14 will be added to the Schedule of Proposed Changes (CD 12.4).
