Dear Yvonne,

PLANNING & BUILDING
CONTROL

29 JUL 2011
Please will you let Simon

still have the enclosed letter
Thank you for the information you
have sent to me. I will reply as
soon as I can with my representation
May one person from Newall
Green have a speaking spot at the
consultation time.

Kind Regards,
Tom Dolan

DAVENPORT GREEN R4 GREENBELT.
CORE STRATEGY EXAMINATION

Dear Simon Castle,
I am writing to tell you that reading through the leaflets that have been widely distributed by Yvonne Parker for the Inspector & Delagh Bussey. I find that on DAVENPORT GREEN appendix page 5 sq comments, it is stated that there is evidence of cars being torched and fires being set in woodlands and fly tipping.

None of the above comments apply to this area. The Fields are in a most beautiful state now on the development area, as far as Roaring Gate Lane from Newall Green. Saplings grow around trees and out into the fields. Hedgerows are tall and wide with long grasses waving in the wind. Large banks of wild flowers adorn the fields with their bright colours. We have a Rural Park on our back door steps. Who would want to destroy all of this.

How can people comment honestly on a strategy like this without all of the true facts..?

Davenport Green should be all GREEN BELT LAND

Kind regards

Ivy Doc An
