Introduction

This guide is for Early Education Providers submitting a headcount form on the Education Portal.

The headcount is the child level funding claim for the term and an audit of the funding at your setting. You must ensure the information is accurate and the headcount is submitted on time. You will be unable to submit the headcount and claim funding after the deadline date. **You should submit your headcount as soon as possible when the system opens to allow enough time to check your submission and avoid any unforeseen delays.**

How headcounts are generated

The headcount is generated by taking a snapshot of your live register. If the information on the register is up to date before you start to submit, your funding claim will be accurate.

How funding is calculated

The Portal calculates the total number of funded hours due per child based on the number of funded weeks available (which is determined by the child start date on the live register), multiplied by the number of funded hours per week. Providers receive funding for the full term, dependant on the child's start date. If a child is attending your setting on headcount day, you are entitled to claim the maximum termly weeks available. To do this the start date must be recorded as on or before the start of term.

The headcount allows for the number of weeks to be altered at child level. Providers should use the 'claim maximum weeks' button on the headcount form to receive the maximum number of hours available for the term for each child. Any manual changes made by providers to the number of weeks claimed will be automatically approved when the headcount is processed.

How funding is claimed

Funding for the term is allocated to the provider a child is attending on headcount day. Mid-term transfers of funding are not permitted and there are no other opportunities for a child to access any unclaimed hours on your headcount at another provision.

Funding must be claimed in accordance with the defined term dates which are set in the system. Funding can be claimed on a termly or all year round basis. You can choose to deliver the hours however best suits your business, in line with the Statutory Guidance.

The maximum hours per week available are:

	Hours per Week	Weeks per year	Total Hours
Term Time	15	38	570
All Year Round	12	47.5	570

	Term Time Weeks	All Year Round Weeks	Maximum Term Time Hours	Maximum All Year Round Hours
Autumn	14	16	210	192
Spring	12	12	180	144
Summer	12	19.5	180	234

This ensures the maximum number of hours can be claimed for each child.

Before submitting the headcount

Before submitting the headcount you will need to have:

- ✓ Updated your Live Register to include all children you require funding for in the term, with the correct weekly hours.
- ✓ Updated ethnicity and address details for all children. Your headcount will not be processed if address details are missing. Ensure all children have an address on their record.
- ✓ Checked that all children you need to claim Working Parent Entitlement hours for have a valid eligibility code and the correct number of hours recorded in the 'Working Parent Entitlement' field.
- ✓ Confirmed any children applying for Disability Access Funding.
- ✓ Completed an Early Years Pupil Premium Check for all children.
- ✓ Removed all children from your live register who you do not require funding for.
