Annexe 6 – Early Education Places	33

## 1. Background

Trafford has a buoyant childcare market with the third highest number of childcare places in England per population aged 0 to 5 years. The market is mixed with 141 childminders and 103 private, voluntary and independent (PVI) sector settings offering funded early education places. A further 180 childminders are registered with Ofsted but only offer places to fee paying families. 58 out of 61 infant and primary schools have a nursery class offering funded places to 3 year old children with one school also offering places to 2 year olds.

Trafford is a net importer of childcare places meaning there are more out of area children who travel into Trafford to access a place than there are Trafford children who access a place in a different local authority area. There is a variety of reasons for this including geographical location as the A56 is an arterial route in central Manchester, popular with commuters. Many parents choose to access childcare close to their place of work and there are large employers located in Trafford Park and the Trafford Centre. Education provision in Trafford has an excellent reputation with achievement in schools often featuring amongst the highest in England making it a popular choice for residents of neighbouring authorities who choose to travel over the border.

98.2% of eligible 2 year old children and 99.1% of 3 year old children take up an early education place. The quality of provision is high with 95% of schools with nursery classes, 93% of PVI providers and 90% of childminders judged good or outstanding by Ofsted. Every school in Trafford is served by a breakfast and after school club on site either run by the school or in partnership with a PVI provider.

## 2. Family Information Service

Trafford has a well-resourced Family Information Service offering free information, advice and guidance to families with young children on childcare options, help with childcare costs and how to access local activities, services and support. This service is a key element of the universal early help offer. Families can access information on the Trafford Directory, through a telephone helpline, via social media or face to face. An outreach team works to promote the service and provide information to families in the local community which contributes to high take up of early education entitlements. There are strong partnerships with a range of stakeholders including local services such as children's centres, early help, health visiting, family support and social care.

A childcare brokerage service is available for families who need extra support to find a place. The Family Information Service will contact early years settings on behalf of the family to help find a suitable placement that meets their needs. Any family can use this service but it is primarily aimed at:

- Families with a disabled child.
- Disabled parents.
- Families with English as an additional language.
- Families new to the area.
- Families and practitioners who have contacted us but who have been unable to find childcare to suit their needs.
- Parents or carers who are starting or returning to work, education or training.

### 3. Special Educational Needs and Disability (SEND)

Schools and early years settings can apply for short term grants to support transition and also for providing additional support for children with SEND so they can access an early education place in a mainstream setting. In addition to this there are two primary special schools that offer assessment places in their nursery classes for children with high level SEND.

Support is available through the childcare brokerage service for families of children with SEND to help them find a suitable place to meet their child's needs. This process is supported by the Area Special Educational Needs Coordinator (SENCO) who is able to provide advice to settings so they are accessible and inclusive and have strategies to support children to access the early years curriculum.

### 4. Assessment Methodology

This assessment focuses on the sufficiency of early education places for 2, 3 and 4 year old children. The introduction of the 30 hours free childcare scheme for working parents which is planned for September 2017 could have a significant impact on the sufficiency of places and more detailed sufficiency planning for this will take place over the coming year to ensure Trafford is ready for implementation and all eligible parents can access their extended entitlement.

There are 4 localities in Trafford and the assessment considers data aggregated at locality level although it is

recognised that recognised that children do not always access childcare provision in their local area.

This table shows the main towns and villages in each of the locality areas:

Locality	Towns and Villages
Central	Sale, Sale Moor, Ashton-on-Mersey
North	Stretford, Gorse Hill, Old Trafford and Firswood
South	Altrincham, Hale, Hale Barns, Bowdon, Timperley, Broadheath,
West	Davyhulme, Flixton, Urmston, Partington, Carrington

When considering the supply of places and the number of vacant places, 15 hours is counted as one part time equivalent (PTE) place.

In a day nursery or with a childminder, a part time place comprises 3 x 5-hour sessions. In a school nursery class, independent school nursery unit or preschool playgroup, a part time place comprises 5 x 3-hour sessions. It is recognised that often places are offered more flexibly than this but for sufficiency monitoring purposes this standardised counting methodology is used.

Capacity has been assessed during the summer term 2016. The summer term is when the most number of 3 year old children are eligible for a funded place with the assumption that if the sector can meet demand during this term then there will be sufficient capacity for all other terms.

## 5. Sufficiency Statement

This table shows the total supply in Part Time Equivalent (PTE) places and the occupancy level for summer term 2016. It includes all providers who were signed up to deliver funded early education places for 2, 3 and 4 year old children for this term.

Locality	Part Time Equivalent (PTE) Places											
	Childminder			PVI			School Nursery			Whole Sector		
	Total Places	Vacant Places	Occupancy	Total Places	Vacant Places	Occupancy	Total Places	Vacant Places	Occupancy	Total Places	Vacant Places	Occupancy
Central	773	15	98%	3,718	142	96%	780	84	89%	5,271	241	95%
North	520	21	96%	2,777	96	97%	728	92	87%	4,144	209	95%
South	840	14	98%	4,728	143	97%	796	41	95%	6,523	198	97%
West	963	24	98%	3,146	118	96%	726	86	88%	4,979	228	95%
<b>Total</b>	<b>3,096</b>	<b>74</b>	<b>98%</b>	<b>14,369</b>	<b>499</b>	<b>97%</b>	<b>3,030</b>	<b>303</b>	<b>90%</b>	<b>20,917</b>	<b>876</b>	<b>96%</b>

A total of 20,917 PTE places are available for children age 0 to 4 years across the sector in Trafford and in the summer term 2016, there were 876 PTE vacant places spread across the 4 locality areas. This means the sector is operating at 96% occupancy for the summer term.

In conclusion, all localities have sufficient places to meet demand with a considerable number of vacancies in every locality area. In addition to the vacancies highlighted in the table above, there are additional places available across the age range with the 180 registered childminders and who are not signed up to deliver funded early education places and in the breakfast clubs and after school clubs which collectively serve every school in the borough.

There is no recommended action from this assessment.

# Annexe 1 - Central Locality

The Central locality of Trafford is made up of 6 wards Sale Moor, St Mary's, Brooklands, Priory and Ashton on Mersey. Its total population is 54,157. There are a lower proportion of Black and Minority ethnic groups than Trafford and England. The level of deprivation in the wards of the locality is lower than England average.

# Annexe 2 - North Locality

North  
Clifford, Stretford, Gorse Hill,  
Longford

The North locality of Trafford is made up of 4 wards Clifford, Gorse Hill, Longford and Stretford. Its total population is 47,809. There are high levels of deprivation within this locality. Children make up a good proportion of the population in this locality with many families having more than one child. The ethnicity of people living within this locality is also much wider than other localities in Trafford.

For the purpose of this report a survey was carried out in June 2016 asking all private, voluntary and independent settings and school nursery classes to report their current vacancy information, responses were as follows:

### **Total number of vacancies by setting type as recorded on survey results June 2016**

Ward	Childminder	Day nursery	Preschool playgroup	Grand Total
Clifford	4	18	0	22
Gorse Hill	8	14	1	23
Longford	2	6	7	15
Stretford	7	40	10	57
<b>Total</b>	<b>21</b>	<b>78</b>	<b>18</b>	<b>117</b>

### Total number of School Nursery class places and number of vacant places 2016

Ward	Total Number of School Nurseries	Total Number of Places	Total number of Vacancies
Clifford	2	104	33
Gorse Hill	3	156	12
Longford	5	312	13
Stretford	3	156	13
<b>Total</b>	<b>13</b>	<b>728</b>	<b>71</b>

(Data based on survey conducted June 2016)

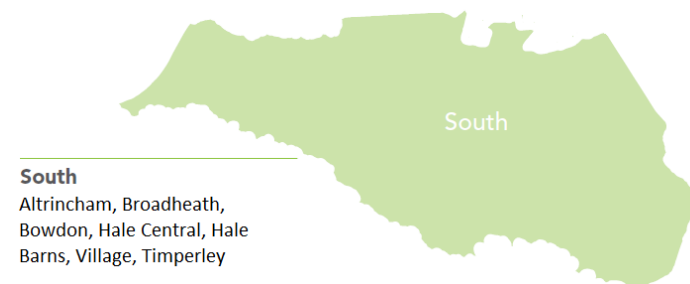

### Total number of School Reception places available

Ward	Number of Schools	Number of Reception places available
Clifford	2	90
Gorse Hill	3	125
Longford	5	305
Stretford	3	150
<b>Total</b>	<b>13</b>	<b>670</b>

(Data based on summer census 2016)

# Annexe 3 - South Locality

The South locality of Trafford is made up of 7 wards Altrincham, Broadheath, Bowdon, Hale Central, Hale Barns, Village and Timperley. Its total population is 77,905. Levels of deprivation are low relative to Trafford and England average and South contains some of the least deprived wards in England

## Population

# Annexe 4 - West Locality

West  
Bucklow St Martins  
(Partington), Davyhulme East,  
Davyhulme West, Urmston,  
Flixton

The West locality of Trafford is made up of 5 wards Bucklow St Martins, Davyhulme East, Davyhulme West, Urmston and Flixton. Its total population is 49,977. Bucklow-St-Martins ward is the most deprived in Trafford; levels of deprivation in the other wards of West locality are similar to Trafford and lower than England average. The proportion from a Black and Minority ethnic group is lower than Trafford and England average.
