

I want to move, I want to stay

The smell of the fish and chips,
The crashing waves like smashing glass,
The scent of the green grass.
Where I want to be.

Loud, crowded, cars everywhere,
People rushing here and there,
People calling trying to scam.
Where I am.

Soft smiles, safe, swinging on the swings
All so much fun,
What can the future bring?
Hot tub - I'd love one!
Bubbling like a kettle, a cup of tea with everyone.

My home is great,
Roast dinners are the best,
It's not a place to hate.
My home is my nest,
Feeling blessed.

I want to move,
Kind, green, open space.
I want to move,
Things to do,
Water parks and the fair.
I want to move,
Clouds floating in the sky like rubber rings in the pool.

I want to stay,
Family, good neighbours, my dog.
I want to stay,
My garden, my bedroom,

I want to move,
I want to stay.

Written by a young person in care aged 13 years.
