YOUR SAY ON STRETTFORD CONNECTING CAMPUS WITH TOWN CENTRE

#WEARE
STRETTFORD

The Refreshed Stretford Masterplan is a once in a generation opportunity for us to work together to revitalise the local area. Here is one of the many regeneration projects proposed across Stretford and we want you to share your thoughts and concerns, so we can make sure it works for you.

An enhanced street scene along Talbot Road and the A56 from the UA92 Campus Quarter to Stretford Town Centre will significantly improve how these areas are connected. They are important gateways between Stretford and both Manchester City Centre and The Quays / MediaCityUK.

The Refreshed Stretford Masterplan proposes to:

Address congestion

Improve air quality

Provide attractive landscaping and tree planting

Introduce effective signposting

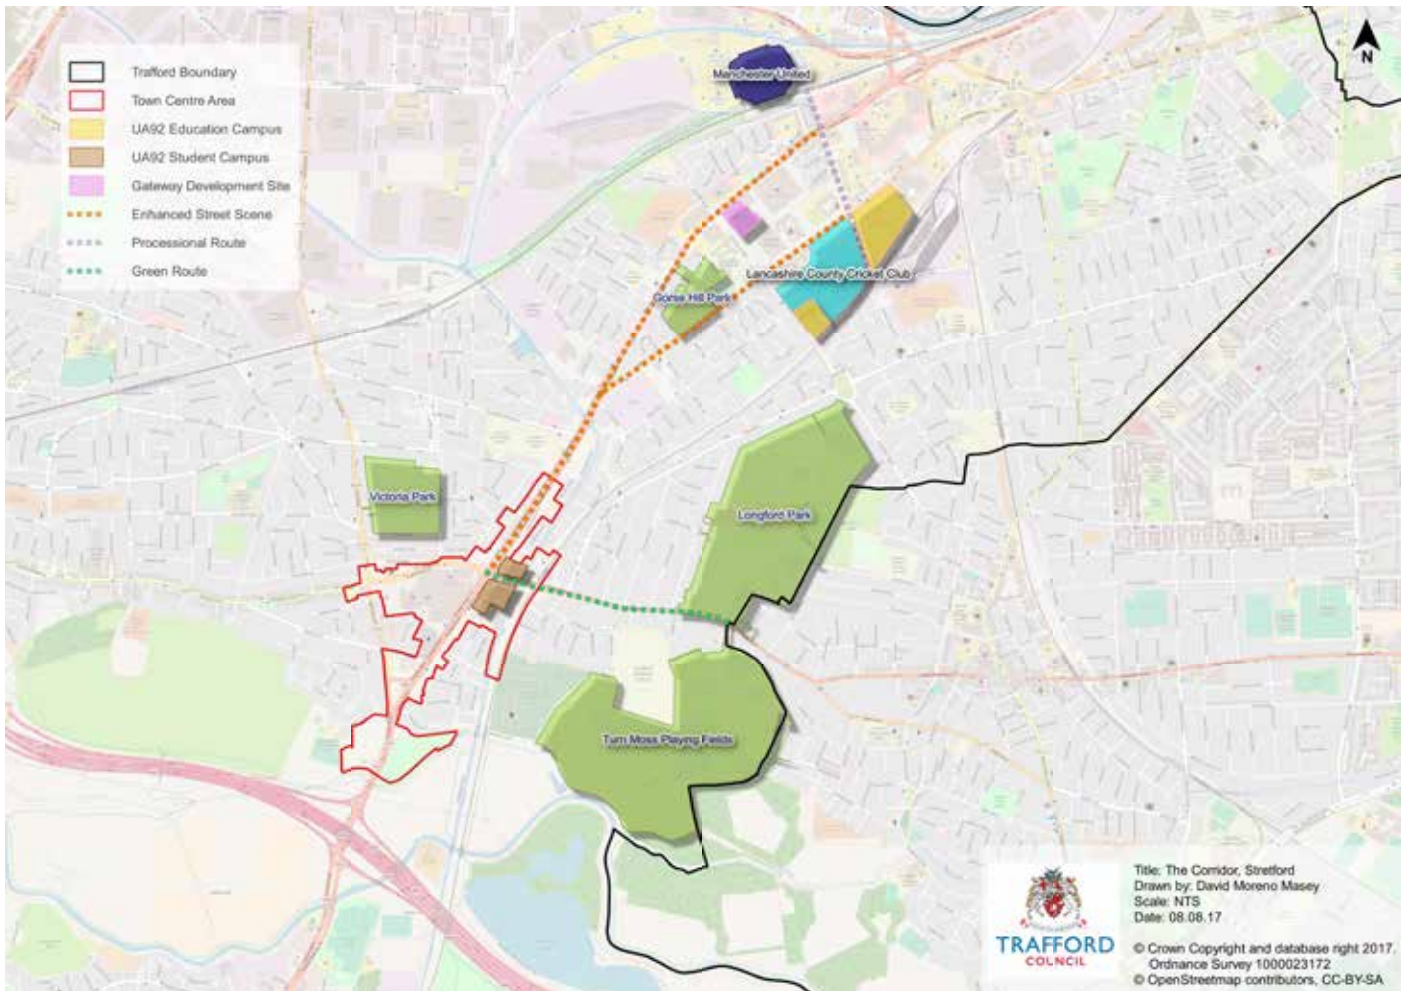

Improve pedestrian and cycle routes along the A56 and Talbot Road

Linking the campus quarter with the student campus and the Town Centre will help to maximise the regeneration benefits for Stretford from the UA92 proposals and support further opportunities for investment and growth.
