YOUR SAY ON STRETTFORD PUBLIC SPACES AND GETTING AROUND

#WEARE
STRETTFORD

The Refreshed Stretford Masterplan is a once in a generation opportunity for us to work together to revitalise the local area. Here is one of the many regeneration projects proposed across Stretford and we want you to share your thoughts and concerns, so we can make sure it works for you.

Successful town centres have good quality streets and public spaces that are attractive.

Work has already been done to improve the roads and public areas in Stretford Town Centre. At the A56 and Edge Lane

entrance to Stretford we are creating new pedestrian crossings, improving landscaping to the King Street side of Stretford Mall, and have reduced the speed limit from 40mph to 30mph on the A56 through the Town Centre.

@TraffordCouncil

The Refreshed Stretford Masterplan proposes to:

Plant new trees along the A56

Install better street lighting

Improve landscaping around the entrances to the Mall

Create a new street environment along Kingsway

Overhaul walkways and the way they join up, so it's easier to get around the Town Centre

Change the road layout to improve the way you approach Stretford by car from the south

Upgrade facilities for cyclists

We want to create a Town Centre that has good landscaping; that traffic is able to flow through easily; is attractive for pedestrians; has good cycle routes and has pleasant public spaces.

HAVE YOUR SAY ON THIS ONCE IN A GENERATION OPPORTUNITY

#WEARE STRETFORD

We want everyone to 'Have Your Say On Stretford', so are running a 10-week public consultation and engagement process. It started on **10 October** and will end on **19 December**.

Join the conversation and let us know what you think. Further fact sheets covering all the different aspects of our proposals are available. Find them at: www.trafford.gov.uk/stretfordmasterplan
