

Walton Road

Active Neighbourhood

Survey

We want to know what you think

This survey has been created to help Trafford Council to better understand your views of the Walton Road neighbourhood and the proposed improvements. Please note your responses to the survey will be collected by Qa Research, a sub-processor of Arup who have been commissioned by TfGM to undertake this research. TfGM and Trafford Council are controllers of your information and will not pass information on to any other third party.

In order to understand where you live in relation to the proposals we would like to collect your postcode. The responses you give in this survey will not be linked to your postcode.

The survey is being undertaken using Askia, online survey software. During the survey, data will be held on Qa Research's server, based in the European Economic Area (EEA), and deleted on completion of the survey.

Your rights

You have the right to ask for access to your data and where data is found to be inaccurate to have that data corrected. In certain circumstances you have the right to have data held about you erased, or the use of it restricted. You may be able to object to processing, and may also have the right to have your data transferred to another data controller.

You have the right to have any inaccurate information corrected. You also have a right of complaint to the Information Commissioner's Office (ICO) at www.ico.org.uk if you think Qa Research has not dealt with your information in a proper manner.

You can ask to see what information we hold about you and have access to it. For more information on how we handle personal data, please review our privacy notice at tfgm.com/privacy-policy/active-neighbourhoods-survey or email data.protection@tfgm.com for a copy to be sent to you.

Equality and diversity

The following questions help us to ensure that we are reaching a range of groups and communities in the area and help inform decisions on whether to make any of the improvements proposed. This is also part of our commitment to the Equality Act (2010). All questions are optional and you do not have to provide any personal data that you do not wish to. This information will be used for analytical purposes only and all responses will be completely anonymised in any reports.
