STATEMENT OF REASONS

Firsway Health Centre in Sale was opened a few years ago and a number of parking restrictions were subsequently introduced in the immediate locality to control on street parking generated by the Centre. Located at the junction of Firsway and Goodwood Avenue, it comprises of a 75 space onsite car park, with 20 of those car spaces reserved for staff members.

Reports and complaints have recently been received from some residents of Goodwood Avenue regarding the on street parking generated by the Health Centre, which some have described as inconsiderate and a nuisance.

It is reported that, during its busy periods, demand for the car park exceeds its capacity, resulting in vehicles visiting the Health Centre parking in nearby residential streets, particularly Goodwood Avenue. Vehicles are reportedly parking on the street without due consideration of local residents. This results in some residents unable to access or egress their driveways.

Furthermore, some of the vehicles park too close to junctions, in direct contravention of guidance provided by the Highway Code regarding such parking. This reduces junction visibility for drivers and is considered detrimental to road safety.

Following numerous site visits to the area it is proposed to introduce additional waiting restrictions on Goodwood Avenue to promote residents' access and to reduce the risk to road safety at a road junction.

STATEMENT OF REASONS

A disabled permit bay was provided for a resident of School Road, Stretford. Regrettably the resident has now passed away and the current resident does not have a car. It is, therefore, proposed to remove the permit bay, to allow visitors to be able to park at this location, with a visitor permit.

It is necessary to amend the existing traffic regulation Order to remove the disabled parking bay and return that length of road to residents' permit holder parking.

STATEMENT OF REASONS

Trafford Housing Trust has completed construction of the Fiona Gardens development at a site located southwest of Atkinson Road, Sale. As part of this development a new section of Highway has been constructed, which is to be adopted by Trafford Council. In order to protect residential and service access, protect pedestrian footways and protect visibility for turning movements at the junction it is proposed to introduce additional waiting restrictions.
