Introduction

1. Since April 2013, all council tax billing authorities in England are required to set up a scheme to help people in financial need pay their council tax. This document describes the scheme for pensioners set up by Trafford Council, for the period 1st April 2026 until 31st March 2027.
2. The scheme is called a Council Tax Reduction Scheme because any support usually takes the form of a reduction in council tax liability, and therefore a reduction in the pensioner applicant's council tax bill.
3. This document provides a comprehensive plain-English account of the pensioner scheme in Trafford.

Overview of the scheme

4. The Government has decided that pensioners¹ should have broadly the same level of support that they had in the old Council Tax Benefit scheme. This means that the Council must follow the rules decided by central Government under the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 (and subsequent amendments) ([here](#)).
5. Subject to some overall conditions (see paragraph 8 below), there are three groups of pensioners in financial need who the scheme is designed to help:
 - those whose income is no greater than the set amount allowed for living expenses; these pensioners qualify for 100% reduction on their council tax bill;
 - those whose income is greater to a certain extent than the set amount allowed for living expenses; these pensioners will have 20% of the difference between their income and the amount for living expenses deducted from the maximum amount of council tax reduction that would otherwise be payable;
 - those where there is a second adult sharing the household who would normally be expected to contribute towards the council tax bill, but who cannot afford to do so; these pensioners will see a reduction in their council tax bill of either 7.5%, 15%, 25% or 100%, depending on the circumstances of the second adult living in the household (see [Appendix 2](#)).
6. In the calculation of council tax reduction for pensioners, there is an amount allowed for living expenses which is made up of the following components:

¹ A pensioner is person who has reached the qualifying age for State Pension Credit and is not (or where there is a partner the partner is not) receiving a working-age income-related benefit. However, the definition of a pensioner does include those who have reached pension age and are receiving Universal Credit because of the closure of Working Tax Credit.

- an amount for the applicant or, if they are a member of a couple, an amount for both of them;
 - if appropriate, an amount for children² or young persons who are members of the applicant's family;³
 - if appropriate, additional amounts, or premiums, as set out in [Appendix 1](#), for example to cover expenses associated with disability.
7. There are special arrangements for polygamous marriages (see [Annex 2](#)).
8. The overall conditions for pensioner applicants to receive financial assistance from the scheme are that they:
- live in the property as their main home; and
 - are liable to pay council tax; and
 - meet the residence rules; and
 - have capital not exceeding £16,000; and
 - have made an application for assistance from the scheme.

Treatment of income

9. In the calculation of council tax reduction, most income is taken into account, although some types of income are ignored in whole or in part. The definition of income includes earnings, benefits and pensions⁴ and the following paragraphs explain how various types of income are treated in the calculation. The income of an applicant's partner is treated as belonging to the applicant.
10. Income is calculated on a weekly basis. In order to arrive at the weekly amount of earnings and other income to be taken into account, a monthly payment is multiplied by 12 and divided by 52; a three-monthly payment is multiplied by 4 and divided by 52; where the payment is for a year, the amount is divided by 52; in other cases, the amount is converted to a daily amount and multiplied by 7. An assumed income from capital is added (see [paragraph 31](#)). Where relevant and subject to certain conditions, childcare charges are deducted. The weekly maximum amounts to be deducted are £192.50 for one child and £330 for two or more children.

² An applicant is treated as responsible for a child or young person who is normally living with them. Where a child or young person spends broadly equal amounts of time in two separate households, or if there is a question as to which household a child or young person lives in, the person who receives Child Benefit (or who has applied for Child Benefit) in respect of that child or young person is treated as responsible. In the absence of a Child Benefit claim, the person who has primary responsibility is treated as responsible. For the purposes of this scheme, only one person can be responsible for a child or young person in any one council tax reduction week.

³ The number of children or young persons included in the calculation for pensioners was limited to two from 1st April 2018, but this limitation was removed from April 2025. This follows amendments to the prescribed requirements regulations.

⁴ See paragraph 16 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a full definition.

11. Where incurred, childcare charges can be deducted from income where the applicant is:
 - A lone parent who is in remunerative work;
 - A member of a couple both of whom are in remunerative work;
 - A member of a couple one of whom is in remunerative work and the other is incapacitated, in hospital or in prison.
12. [Annex 3](#) explains these childcare provisions in more detail and contains a definition of the childcare charges which can be deducted.

Earnings from employment

13. In the calculation of council tax reduction, an applicant's net earnings are taken into account, after deductions have been made from their gross earnings for: income tax, class 1 National Insurance contributions, and 50% of contributions to occupational or personal pension schemes.
14. Where an applicant has earnings from employment, the weekly amount of earnings is averaged over 5 weeks prior to the first week in which support is payable if the applicant is paid weekly, and 2 months if the applicant is paid monthly. However, where an applicant's earnings fluctuate, earnings can be averaged over any reasonable period. If an applicant has been working for less than 5 weeks or 2 months, the average weekly earnings are estimated based on either any earnings received, if representative of future earnings, or an estimate provided by their employer. If earnings change during the period of an applicant receiving council tax reduction, average earnings are estimated over any reasonable period but not more than 52 weeks (not including earnings received from more than one financial tax year).
15. Earnings are taken into account from the date of application even if they were not received during the week of application. Where an applicant starts work after an application for council tax reduction has been made, earnings are taken into account from the first reduction week after they began work, even if they were not actually received in that week. Similar arrangements are made when earnings change.
16. See [Annex 4](#) for the definition of earnings as an employed earner.

Self-employment

17. An applicant for council tax reduction is treated as self-employed if they are gainfully employed but not as an employed earner.
18. Where an applicant is self-employed, weekly earnings are estimated over a reasonable period but no more than over 52 weeks. See [Annex 5](#) for a description of how self-employed earnings are calculated.

Other income

19. Income other than earnings is fully taken into account unless specified in [Appendix 5](#) which lists income that is ignored. Weekly income other than earnings is also estimated over a reasonable period but no more than over 52 weeks. Any tax payable on gross income is ignored. See [Annex 6](#) for a description of how income other than earnings is calculated.
20. Benefit income is taken into account over the period in which it is paid. The period over which a tax credit payment is taken into account varies depending on whether the payment is a daily, weekly, two-weekly or four-weekly instalment. Benefit income taken into account is normally the gross amount before any deductions are made from it. If Working Tax Credit is subject to overpayment recovery, the amount of Working Tax Credit taken into account is the net amount, i.e. after the deduction for the overpayment has been made. Capital paid by instalments in some circumstances, and annuity payments, are treated as income.
21. Where a pensioner is receiving the guarantee part of State Pension Credit,⁵ their income and capital are ignored for the purposes of council tax reduction, so the pensioner receives a 100% reduction on their council tax bill. Where a pensioner is receiving only the savings credit part of State Pension Credit, the amount of income and capital used in the Department for Work and Pensions assessment is used for the calculation of council tax reduction.⁶
22. In most cases, income that the applicant has not obtained (for example, a deferred pension) but is available on application is treated as possessed by them, but only from the date on which it could be obtained.⁷ With some exceptions⁸, payments made to third parties on behalf of the applicant are treated as possessed by the applicant.
23. If it appears to the Council that an applicant has come to an arrangement with a non-dependant member of the household specifically to take advantage of the council tax reduction scheme, where the income and capital of the non-dependant exceeds that of the applicant, the income and capital of the non-dependant is treated as if it were the applicant's, and the applicant's income is ignored.

⁵ Including pensioners who would receive State Pension Credit but do not because of the 'small payment' rules set out in regulation 13 of the [State Pension Credit Regulations 2002](#).

⁶ See paragraph 14(2) of Schedule 1 to Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for modifications to this general rule.

⁷ See paragraph 22 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012.

⁸ See paragraph 23 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a list of exceptions.

Treatment of capital

24. Subject to paragraph 21, if an applicant has more than £16,000 in capital, no council tax reduction is payable under this scheme.
25. All capital is taken into account in the calculation of the award, including income treated as capital, unless it is listed in [Appendix 6](#) in which case it is ignored. The capital of a child or young person who is a member of the applicant's family is also ignored. The capital of an applicant's partner is treated as if it belonged to the applicant.
26. Certain types of income are treated as capital (and vice versa). See [Annex 7](#) for a full list.

Notional capital

27. If an applicant deliberately disposes of capital in order to obtain council tax reduction, it is assumed that the applicant still possesses that capital and it is therefore taken into account. This notional capital is reduced over time⁹ by the amount that the applicant would have received in council tax reduction if they had not been treated as having that capital. With certain exceptions, where an applicant fails to realise capital which they own, that capital is also taken into account. Most payments of capital made to a third party on behalf of the applicant are taken into account.¹⁰

Calculation of capital

28. Capital which an applicant possesses in the United Kingdom is calculated at its current market or surrender value less:
 - 10% if there are expenses attributable to its sale, and
 - the amount of any monetary claim secured against it.
29. Capital which an applicant possesses outside the United Kingdom is treated in the same way except that it is calculated:
 - at its current market or surrender value in that country if it can be transferred to the United Kingdom; or
 - if it cannot be transferred to the United Kingdom, at a price which it would realise if it were sold in the United Kingdom to a willing buyer, less:
 - 10% for sales costs, if appropriate, and
 - the amount any monetary claim secured against it.

⁹ The Council will make calculations every thirteen weeks.

¹⁰ See paragraphs 34 and 35 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012.

30. Where an applicant owns capital jointly with one or more persons, each share is treated as equal unless there is evidence to the contrary.
31. Where an applicant has capital exceeding £10,000, income of £1 is assumed for every complete £500 up to a maximum of £16,000. In making this calculation, if the final part of the excess is not a complete £500, an income of £1 is nevertheless taken into account.

Calculation of council tax reduction

Maximum council tax reduction

32. Council tax is calculated on a daily basis. For any day for which a pensioner applicant is liable to pay council tax, the maximum amount of council tax reduction is 100% of the amount of council tax set by the council for the applicant's dwelling, less any appropriate discount, divided by the number of days in that financial year.

Where income is more than the amount for living expenses

33. Where an applicant's income is greater than the amount allowed for living expenses in their case, council tax reduction is withdrawn gradually (sometimes known as the taper) as income increases, until entitlement is extinguished altogether.¹¹ This avoids a cliff-edge effect of suddenly ending all support as soon as income becomes greater than the amount for living expenses.
34. For example, if an applicant's weekly maximum council tax reduction is £15, and the amount for living expenses in their case is £100 a week, they are entitled to maximum support of £15 providing their income is not greater than £100. If their income increases to £120, a sum equal to 20% of the difference between their income (£120) and the amount for living expenses (£100) is deducted (20% of £20 = £4) from their maximum council tax reduction, so they receive £15 less £4 = £11 a week. If their income increases further to £180, the amount deducted from their maximum council tax reduction is £16 (20% of £80 is £16) and there is, therefore, no entitlement to council tax reduction because £16 is greater than the maximum of £15.

Other aspects of the calculation

35. In calculating the amount of council tax reduction, fractions of less than half a penny are rounded down and fractions of half a penny or more are rounded up.
36. Where an applicant is jointly liable for council tax with other residents at the same dwelling, the council tax set by the authority (less any discount) is divided by the

¹¹ See paragraph 5 above. Council tax reduction is withdrawn at the rate of 20% of the difference between an applicant's income and the amount allowed for living expenses.

number of people jointly liable and the applicant's council tax reduction is based on their share. This does not apply in the case of a student where they are excluded from entitlement to council tax reduction, or a partner of the applicant.

Non-dependant deductions

37. A non-dependant is a person living as a member of the applicant's household who is not their partner or a child/young person for whom they are responsible. There are certain exceptions such as joint-occupiers, boarders and paid carers, who are not treated as non-dependants. Non-dependants aged 18 or over are usually expected to contribute to household expenses such as council tax.
38. In the case of non-dependant couples only one deduction is made, but all their gross income is taken into account.
39. Where there is joint liability for council tax in a household, other than joint liability between an applicant and their spouse or civil partner, and there is a non-dependant who is a non-dependant of two or more of the liable persons, the deduction is divided equally between the liable persons. If the non-dependant is a non-dependant of one liable person, the full rate of the deduction is applied solely to that liable person.
40. No non-dependant deductions are applied if the applicant or their partner:
 - is severely sight-impaired or blind;
 - is receiving Attendance Allowance, the care component of Disability Living Allowance or Scottish Adult Disability Living Allowance, the daily living component of Personal Independence Payment, the daily living component of Adult Disability Payment, or a Pension Age Disability Payment, or an Armed Forces Independence Payment, including where these benefits and payments are temporarily suspended, for example through hospitalisation.

Non-dependant deductions

41. The weekly deduction for a non-dependant aged 18 or over in work is normally £15.95 and for a non-dependant aged 18 or over not in work, £5.20. However, where the applicant can demonstrate that a non-dependant in work has relatively low gross weekly earnings, the deduction is as follows:
 - less than £279.00, the deduction is £5.20.
 - not less than £279.00 but less than £485.00, the deduction is £10.60.
 - not less than £485.00, but less than £605.00, the deduction is £13.30.
42. No non-dependant deductions are applied where the non-dependant:
 - normally lives elsewhere;
 - is receiving a training allowance paid as part of a youth training scheme;
 - is a full-time student;

- has been a hospital in-patient for more than 52 weeks;¹²
 - is not living with the applicant because they are a member of the armed forces away on operations;
 - is receiving a payment for a disability caused by the Thalidomide drug;
 - is receiving Income Support, State Pension Credit, income-based Jobseeker's Allowance or income-related Employment and Support Allowance;
 - is entitled to an award of Universal Credit where the award is calculated on the basis that the non-dependant does not have any earned income;
 - is a person disregarded for the purposes of council tax discount.
43. In calculating a non-dependant's income, the following are ignored:
- Attendance Allowance, Disability Living Allowance, Scottish Adult Disability Living Allowance, Child Disability Payment, Personal Independence Payment, Adult Disability Payment, a Pension Age Disability Payment, or Armed Forces Independence Payment;
 - payments made under certain specified trust funds and compensation schemes¹³ including analogous payments.

Temporary Absences

44. An applicant can be regarded as living in their home and therefore eligible for council tax reduction even if they are temporarily absent for certain periods. Council tax reduction is payable during periods of temporary absence if the applicant:
- is liable for council tax and the address they are temporarily absent from is their sole or main residence;
 - intends to return to live in their home;¹⁴
 - is not letting or sub-letting that part of the home that they normally occupy;
 - is unlikely to be away for more than the time allowed (see below).
45. In calculating the period of absence, the first day of absence is included and the day of return is excluded.
46. With one exception (see paragraph 47), a period of absence from home must not be (or must not be expected to be) more than 13 weeks. However, this is extended to 52 weeks where the applicant is:
- a remand prisoner awaiting trial or sentence;
 - living in a bail or probation hostel, or bailed to live away from home;
 - a hospital patient (or similar medical institution);

¹² Gaps in the 52-week period of up to 28 days are ignored if there are substantial periods of hospitalisation on either side.

¹³ See paragraph 8 (9) and (10) of schedule 1 to Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a full list of trust funds and compensation schemes.

¹⁴ This includes a situation where an applicant moves into residential care on a trial basis and intends to return to their home only if the care home doesn't suit their needs.

- receiving (or whose partner or child is receiving) medically approved treatment or care, in accommodation other than residential accommodation;
 - providing medically approved care to someone else, or caring for a child under 16 whose parent or guardian is away from home because they are receiving medically approved care;
 - absent because of fear of violence in the home or domestic abuse;
 - on an approved training course;
 - a student who is eligible for council tax reduction and they have to study abroad as part of their course;
 - in a residential care home, other than on a trial basis.
47. A period of absence from home outside Great Britain must not be (or must not be expected to be) more than 4 weeks.¹⁵ However, if the applicant is absent from Great Britain because of the death of a close relative (or a close relative of their partner, or a child and young person for whom either of them are responsible) and it is unreasonable for them to return within the first 4 weeks, the Council may decide that council tax reduction can be paid for up to 8 weeks.
48. The 4-week period can also be extended to 26 weeks where the applicant is:
- a member of the armed forces on operations overseas;
 - receiving medical treatment in hospital or similar institution;
 - absent because of fear of violence in the home or domestic abuse;
 - undergoing (or their partner or dependent child is undergoing) medical treatment or medically approved convalescent care in accommodation other than residential accommodation;
 - present in a country or territory immediately before the Government advised them to leave, or arranged an evacuation from that country or territory, did not enter that country or territory after that advice was given, and it would not have been reasonable to expect them to return earlier;
 - a mariner or continental-shelf worker.

Extended support - the run-on

49. Extended council tax reduction (sometimes known as the run-on) can be awarded to pensioners¹⁶ who have been (or their partners have been) receiving a qualifying contributory benefit for at least 26 weeks, and who come off that benefit because they, or their partner, start employment as an employed or self-employed earner, or increase their hours or earnings, where that employment is expected to last 5 weeks or more. A further condition is that the applicant or the applicant's partner was not

¹⁵ In the case of absences outside Great Britain, the period of temporary absence for pensioners was reduced from 13 weeks to 4 weeks by the [Council Tax Reduction Schemes \(Prescribed Requirements\) England \(Amendment\) Regulations 2016](#).

¹⁶ Except those in receipt of State Pension Credit.

entitled to, and not receiving, a qualifying income-related benefit¹⁷. The qualifying contributory benefits are Incapacity Benefit, contributory or new-style Employment and Support Allowance, and Severe Disability Allowance.

50. Extended support can be made for up to 8 weeks starting from the beginning of the week after entitlement to a qualifying benefit ends. Support lasts for 8 weeks unless the applicant's liability for council tax ends first.
51. The amount of the extended payment is usually the amount that the applicant was entitled to during the last week that they were receiving a qualifying benefit. However, if for any reason entitlement to council tax reduction after the change of circumstances is higher, the higher amount is paid.
52. Where an applicant who is entitled to extended support moves from one local authority to another, extended support may take the form of a payment from one local authority to the other, or directly to the applicant. The amount of extended payment remains the same, that is, the amount payable in respect of the last week before entitlement to a qualifying benefit ceased. Where an applicant continues to be liable for council tax, the second authority must reduce the new amount of council tax reduction by the amount of the extended support already awarded.
53. Entitlement to council tax reduction does not end until the end of the extended support period, even if entitlement would otherwise have ended based on the applicant's new circumstances. The general rules for calculating changes of circumstances do not apply.
54. In order to ease the transition to retirement, an applicant will continue to receive a council tax reduction for a period of 4 weeks from the day after a claim for a working-age income-related benefit has ceased because they have reached the qualifying age for State Pension Credit, or for four weeks after their partner has claimed State Pension Credit.

People treated as not in Great Britain

55. Council tax reduction is payable only to those applicants who live in Great Britain and, in some circumstances, people are treated as if they are not in Great Britain and are therefore excluded from the scheme. This applies where they do not satisfy the habitual residence test and where they are subject to immigration control.
56. The habitual residence test is in two parts: first, an applicant must show that they are habitually resident (intend to settle and make their home in the UK, Channel Islands, Isle of Man, or the Republic of Ireland). Secondly, EEA nationals (people from EU countries together with Norway, Iceland, Switzerland and Liechtenstein) must

¹⁷ Income Support, income-based Jobseeker's Allowance or income-related Employment Support Allowance.

have a legal right to live in the UK and claim benefits, i.e. a 'right to reside' in the UK (known as the residence rules). These rules are satisfied if the applicant is, for example:

- a worker or is self-employed in accordance with the EEA regulations;¹⁸
- a family member of such a worker or self-employed person;
- a worker who has ceased activity, for example because of retirement or incapacity, or a family member of such a worker;
- a family member of a deceased worker;
- a refugee.

57. However, there are some circumstances in which EEA nationals have been granted leave to enter or remain in the United Kingdom but who do not satisfy the habitual residence test for the purposes of applying for council tax reduction. With some exceptions in respect of Northern Ireland, EEA nationals who are granted leave to enter, or remain in, the United Kingdom solely as a result of satisfying the special immigration rules that allowed EEA citizens to remain in the UK after the withdrawal from the EU (the settlement scheme), do not satisfy the habitual residence test simply because of these provisions.¹⁹
58. British citizens returning to the UK after a period of living or working abroad have an automatic right to reside in the UK, but they do need to show that they are habitually resident in the UK.
59. An applicant who has entered the UK from Afghanistan is treated as habitually resident in the UK if they:
- have been granted leave to remain in accordance with the Afghan Relocations and Assistance Policy, the Afghan Citizens Resettlement Scheme or the previous scheme for locally employed staff in Afghanistan; or
 - left Afghanistan in connection with the collapse of the Afghan government that took place on 15 August 2021.
60. An applicant who has entered the UK from Ukraine is treated as habitually resident in the UK if they:
- were living in Ukraine immediately before the 1st January 2022 and left Ukraine in connection with the Russian invasion which took place on 24th February 2022; and
 - have been granted leave to enter or remain in accordance with the immigration rules; or

¹⁸ [The Immigration \(European Economic Area\) Regulations 2016](#). These regulations were repealed in 2020 but some provisions, including definitions, were retained under the [Citizens' Rights \(Application Deadline and Temporary Protection\) \(EU Exit\) Regulations 2020](#).

¹⁹ See regulation 12 of the Council Tax Reduction) Prescribed Requirements (England) Regulations 2012, paragraphs 4, 4A and 4B, for a full list of circumstances where an applicant has been given leave to enter or remain in the UK but who does not satisfy the habitual residence test.

- have a right of abode in the United Kingdom because they are British or in some cases Commonwealth citizens, or do not require leave to enter or remain because they are Irish citizens.²⁰
61. An applicant who has entered the UK from Israel, the West Bank, the Gaza Strip, East Jerusalem, the Golan Heights or Lebanon is treated as habitually resident if they:
- were living in any of the above areas immediately before 7th October 2023 and left those areas in connection with the Hamas terrorist attack in Israel on 7th October 2023 or the escalating violence in the region following the attack;
 - have been granted leave to enter or remain in accordance with the immigration rules; or
 - have a right of abode in the United Kingdom because they are British or in some cases Commonwealth citizens, or do not require leave to enter or remain because they are Irish citizens.
62. An applicant who has entered the UK from Sudan is treated as habitually resident if they:
- were living in Sudan before 15th April 2023 and left in connection with the violence on 15th April 2023 in Khartoum, and across Sudan;
 - have been granted leave to enter or remain in accordance with the immigration rules; or
 - have a right of abode in the United Kingdom because they are British or in some cases Commonwealth citizens, or do not require leave to enter or remain because they are Irish citizens.
63. An applicant is treated as habitually resident if they were living in a country or territory where the Government has advised British nationals to leave, or has arranged evacuation and they:
- have left that country or territory and are currently living in Great Britain;
 - have a right of abode in the United Kingdom because they are British or in some cases Commonwealth citizens, or do not require leave to enter or remain because they are Irish citizens;
 - have been granted leave to enter or remain in accordance with the immigration rules; or
 - have been granted leave on a discretionary basis outside the immigration rules.
- This provision applies only for six months from the date the advice was given, or the evacuation started.
64. An applicant is treated as habitually resident if they have, as part of a safe and legal humanitarian immigration route, been granted leave to enter or remain in the

²⁰ As defined in sections 2 and 3ZA of the [Immigration Act 1971](#).

United Kingdom, either in accordance with the immigration rules or on a discretionary basis outside those rules.

65. An applicant is also treated as habitually resident if they have been granted, or are deemed to have been granted, leave outside the rules made under section 3(2) of the [Immigration Act 1971](#).
66. Non-EEA and non-UK nationals may be subject to immigration control and an applicant who is subject to immigration control is excluded from applying for council tax reduction. For example, this applies where an applicant:
- needs permission to enter or remain in the UK but does not yet have permission;
 - has permission to enter or remain in the UK, but only if they do not claim benefits or use other public services;
 - has been given permission to enter or remain in the UK because someone formally agreed to support them.

Students

67. Pensioner students are eligible for council tax reduction if they are liable for council tax and satisfy the other eligibility conditions. The student income of a pensioner is not taken into account in any award.

Effective dates

Date entitlement begins

68. An applicant's entitlement to council tax reduction normally begins from the start of the reduction week (Monday to Sunday) which follows the date of application. However, if an applicant becomes liable for council tax for the first time²¹ in respect of a property in which they reside, and they are entitled to council tax reduction, their entitlement begins from the first day that they are legally liable to pay council tax, providing they apply within a month of that reduction week.
69. Where, following the death of a partner who was receiving council tax reduction until the date of death, an applicant or their partner (or a non-dependant who was living in the deceased applicant's household) applies for council tax reduction within three months from the date of the applicant's death, entitlement begins from the date of death.

²¹ including those liable to pay council tax for the first time in their home, for example after an exemption ends, as well as those who move into a property where they become liable to pay council tax.

Date from which changes in circumstances take effect

70. Changes in circumstances take effect from the Monday following the date of change, apart from these exceptions:
- changes in an applicant's income arising from legislative changes affecting rates of income tax, personal tax reliefs, National Insurance contributions, and tax credit rates are ignored for a period of up to 30 weeks;
 - where entitlement to a benefit ceases, the change takes effect from the first day of the reduction week following the day immediately after the benefit ceases;
 - a change in the amount of council tax payable takes effect from the date of change;
 - a change in the amount a person is liable to pay by way of council tax (for example changes to a discount) also takes effect from the date of change;
 - if the change applies to an applicant who now has a partner, or a partner has died, or they have separated, it takes effect from the date of the change;
 - backdated payments of income are generally taken into account over an appropriate period as if they had been paid on time.
71. Where a non-dependant joins a pensioner household, or where the non-dependant's earnings increase, the change to that pensioner's council tax reduction takes effect 26 weeks after the date on which the change took place.
72. Where an applicant receives an increase in State Pension Credit and, as a result, their award of council tax reduction increases, the change usually takes effect from the week the amount of State Pension Credit alters. However, where an award of council tax reduction decreases, the change either takes effect from the week the authority is notified of the change in State Pension Credit or the date on which State Pension Credit changes if this later.
73. Where two or more changes occur in the same week, and at least one of which is treated as taking effect from the date of change in accordance with paragraph 68, all the changes are deemed to take effect from the date of change (or the earliest date of change where two or more changes satisfy paragraph 70).

Application procedure /online applications

74. Only one partner in a couple (or a polygamous marriage) can apply for council tax reduction in respect of the same dwelling. If the partners cannot agree who should apply, the Council will decide for them.
75. Where a person who is liable to pay council tax is unable to act for themselves, and someone has been appointed to act on their behalf (for example an attorney), the person appointed can make an application on behalf of that person. Where there is no-one to act on the person's behalf, the Council may appoint someone to act. An

appointee must be aged over 18 and must apply for the appointment in writing or online. The Council may accept as an appointee someone who has already been appointed by the Department for Work and Pensions to act in respect of a social security benefit. The Council has the power to revoke the appointment at any time and the appointee may resign on giving 4 weeks' notice. If, subsequently, another person is authorised to act on the applicant's behalf (for example, an attorney) the former appointeeship ceases. The appointee must take full responsibility for all aspects of the application and is made fully aware by the Council of the duties involved, including the consequences of failing to comply with those duties.

76. An application may be made:
- in writing; or
 - online; or
 - by telephone, although the applicant will subsequently need to provide a signed statement and any other documentation necessary to support the application.

If an applicant has difficulty in completing a written form, the Council can make alternative arrangements to assist.

77. An application made in writing must be made to the Council office on a form provided by the Council free of charge. Where an application is made on the correct form but is not properly completed, the Council may ask the applicant to complete the form correctly. Where an application is made in writing but not on the correct form, the Council may either supply the applicant with the correct form or ask for further information and evidence.
78. An applicant may amend or withdraw an application, in writing, at any time before a decision has been made.
79. If an application is made online and the Council considers that all the required information has not been provided, the Council will give the applicant the opportunity to provide the required information.

Date on which an application is made

80. The date to be taken as the date on which the application is made is normally the date the application is received by the Council, or the date the applicant first notified the Council of their intention to apply, if this is followed up within one month by a properly completed application. There are some exceptions to this general rule:
- if an applicant has been awarded State Pension Credit which includes a guarantee credit, and the council tax reduction application is received within one month of the claim for any of the above-listed benefits, the date of application for council tax reduction is the first day of entitlement to State Pension Credit;
 - where a person's council tax banding notification is delayed on moving into a new property, and an application for council tax reduction is made within one

month of receiving the banding notification, the date of application is treated as the date on which council tax liability begins;

- where a couple's relationship comes to an end either due to separation or the death of one of them and the former partner was entitled to council tax reduction and the application is made within three months of the death or separation, the date of application for council tax reduction is the date of death or separation;
- where an application is not properly completed and is corrected within one month (or longer if the Council considers reasonable) the date of application is the date on which the first contact is made. If the incomplete application is not corrected within one month or other reasonable period, the date of application for council tax reduction is the date when sufficient information becomes available to decide the application.

Advance applications

81. An applicant may apply up to 8 weeks in advance if they anticipate that they will become liable to pay council tax during that period. The application is treated as made on the day on which liability for council tax begins.
82. Other than where an applicant is a person treated as not being in Great Britain, the Council may treat an advance application as made in the reduction week before the first week of entitlement to council tax reduction. This applies where an applicant is not entitled to council tax reduction in the week after the actual date of application, but the Council considers that they will become entitled within the next 17 weeks unless there is a change in circumstances.

Date applications are treated as made and backdating

83. Where a pensioner applies and qualifies for council tax reduction, their application is treated as made 3 months before it was actually made (effectively all applications from pensioners are automatically backdated for a period of 3 months). Where an applicant applies for council tax reduction within one month of being awarded State Pension Credit including the guarantee credit, the three-month period cannot go back any earlier than the date of their State Pension Credit claim.

Evidence and information

84. Where appropriate, the Council can accept evidence submitted online or by telephone to support an application.
85. An applicant to council tax reduction must provide a National Insurance number for themselves and if appropriate, others for whom they are applying, or evidence that they have applied for a National Insurance number. This requirement does not apply to a:
 - child or young person;

- person from abroad;
 - person subject to immigration control.
86. An applicant to council tax reduction must provide such evidence in support of their application as the Council considers reasonable, within one month of being notified of their duty to do so (or a longer period if the Council so decides). This does not apply to an applicant who is a pensioner in respect of specified income which is ignored in the calculation of council tax reduction or whose income has been verified by The Pensions Service, where the Council has been notified of that income. The Council informs the applicant of their duty to notify any change of circumstances, and if asked by the applicant, which change of circumstances must be notified.
87. The Council can require an applicant to whom council tax reduction has been awarded (or any partner) who is at least the qualifying age for State Pension Credit, to supply information about pension fund holders and suppliers of pension fund schemes.
88. Before a decision has been made on an application, an applicant may amend or withdraw the application by notifying the Council either in writing, by electronic communication or by telephone.

Duty to notify changes in circumstances

89. An applicant, or a person acting on behalf of the applicant, has a duty to report changes in circumstances either before an application has been decided by the Council or after council tax reduction has been awarded. The changes to be reported are those which the applicant might reasonably be expected to know would affect entitlement, and the changes must be notified in writing, by telephone or online within a period of one calendar month from the day when the change occurs, or as soon as reasonably practicable afterwards. Some types of change of circumstance do not need to be reported:
- changes in the amount of council tax payable to the council;
 - changes in the ages of the applicant and their family or any non-dependants except where someone ceases to be a child or young person.
90. An applicant who receives State Pension Credit and who has been awarded council tax reduction does not need to report changes in circumstances except:
- any changes relating to a non-dependant's income or residency;
 - any absence from the home exceeding or likely to exceed 13 weeks, or 4 weeks if absent abroad.

91. Where State Pension Credit comprises only of Savings Credit, the applicant does not need to report changes in circumstances except the changes listed in paragraph 90 above and in addition:
- changes affecting a child living with them which may result in the amount of council tax reduction (but they do not need to report changes in the age of the child);
 - a change in an applicant's capital which takes, or may take, the total to more than £16,000;
 - certain changes in the income or capital of a non-dependant or partner.²²

Decisions and awards

92. Once the Council is satisfied that an application for council tax reduction has been completed in the proper manner together with all the required evidence and information, it will make the decision within 14 days or as soon as practicable thereafter.
93. Having made the decision on an application, the Council will notify the applicant, or a person appointed to act on behalf of the applicant, immediately or as soon as reasonably practicable afterwards. In the case of any other decision, the Council will notify the applicant within 14 days or as soon as reasonably practicable afterwards. The notification of a decision on an application is normally in the form of a notification letter together with a revised council tax bill which includes:
- a reminder about the duty to report changes in circumstances and an explanation of the consequences of failing to do so;
 - examples of changes that might affect entitlement to council tax reduction or its amount;
 - information about the effect of the decision on the applicant's council tax liability;
 - information about appeal procedures.

Use of information

94. Where it is lawful to do so, the Council uses information provided by the Department for Work and Pensions and His Majesty's Revenues and Customs in order to calculate entitlement to council tax reduction. Similarly, the Council shares information with those departments when it is required to do so.
95. The Council may receive, obtain, verify, record and store information relating to applications for council tax reduction, from:
- the applicant;
 - other persons in connection with applications;

²² See paragraph 9 (8) (c) of Schedule 8 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012

- other local authorities;
- central government departments.

96. The Council may forward information to anyone in the Council or others authorised to act on behalf of the Council, in processing applications for council tax reduction.

Appeals

97. If an applicant is dissatisfied with the Council's decision on entitlement to council tax reduction or the amount awarded, they may write (including by email) to the Council setting out why they are dissatisfied. The Council will then consider the matter and notify the applicant in writing (usually by email), either that they do not have a case stating the reasons why, or that action has been taken to address their concerns. If the applicant is still dissatisfied, or if the Council does not address their concerns within 2 months, they may appeal to the Valuation Tribunal.

Discretionary awards

98. The Council may use its discretion to reduce council tax liability because of exceptional hardship.²³ This is irrespective of whether an application has been made for council tax reduction under the main scheme, described in this document.

99. An application may be made in writing, online or by telephone (although the applicant will subsequently need to provide a signed statement and any other documentation necessary to support the application).

Electronic communication

100. The Council may use electronic communication (for example via computer networks or mobile phones) in administering council tax reduction and may receive electronic communications including applications online, subject to the following conditions:

- there is an explicit authorisation given by the Council's chief executive;
- there is an approved method of authentication;
- approved forms are used;
- records are maintained in a way specified by the chief executive.

101. Any applications which are not submitted in the approved manner are treated as invalid. The Council may authorise another person or persons to act as intermediaries in connection with the delivery of information electronically and its authentication.

102. Any information delivered electronically is treated as if it were delivered in any other way required by the Council's scheme if the above conditions are met. Information is

²³ Under section 13A(1)(c) of the [Local Government Finance Act 1992](#), as amended.

treated as not delivered until it is accepted by the Council's official computer system. If, for legal reasons, it becomes necessary to prove the identity of the sender or recipient of information sent or received electronically, it is presumed to be the person named on the official computer system. Similarly, if it is necessary to prove that information sent electronically has actually been delivered to the Council, it is treated as received if it is recorded on the official computer system. Similarly, if it is not recorded as received on the official computer system it is treated as not received. And the time, date and content of any electronic communication is presumed to be that recorded on the computer system.

Annex 2 - Polygamous marriages

A polygamous marriage means any marriage where one party is married to more than one person, and the ceremony of marriage took place under the law of a country which permits polygamy. The amount for living expenses for polygamously married couples is calculated by awarding the highest amount applicable to the applicant and one of their partners.

An additional amount is awarded for each additional spouse in the same household, as set out in the table below:

Category of applicant	Amount for each additional spouse
Pensioner (one or more members of the marriage have attained pension age before 1 st April 2021)	£127.35
Pensioner (all members of the marriage have attained pension age on or after 1 st April 2021)	£125.25

The amounts awarded for children and other components are the same as for other applicants.

Where an applicant is polygamously married they are treated as possessing the income and capital of all partners to the marriage with whom they share the household.

Where a person who is polygamously married lives as a non-dependant member of an applicant's household, only one non-dependant deduction is made, but the amount deducted is the highest applicable after taking account of the circumstances and income of all partners in the marriage.

Annex 3 - Childcare charges

Where incurred, childcare charges can be deducted from income where the applicant is:

- A lone parent who is in remunerative work;
- A member of a couple both of whom are in remunerative work;
- A member of a couple one of whom is in remunerative work and the other is incapacitated,²⁵ in hospital or in prison.

For the purposes of childcare charges an applicant can be treated as working during the first 28 weeks of a period of sickness providing they were in work immediately before getting a specified sickness or disability benefit (or appropriate National Insurance credits). Also, an applicant can be treated as working if they are absent from work, on maternity, adoption, parental bereavement leave, shared parental or paternity leave, providing they were in work immediately before the leave began and is entitled to statutory, maternity, adoption, paternity, or shared parental pay; or maternity allowance.

To be eligible, the childcare charges must be:²⁶

- paid by the applicant or their partner;
- in respect of a child who is a member of the applicant's family;
- in respect of a period from the birth of a child until the day before the first Monday in September following the child's 15th birthday (16th birthday if the child is disabled);
- for care provided by specified care providers, for example registered child minders;
- for care provided out of school hours by a school, on school premises, or by a local authority. This applies to children aged from 8 years until the day before the first Monday in September following their 15th birthday (16th birthday if disabled).

The following childcare charges are ineligible:

- payments in respect of the child's compulsory education;

²⁵ For a definition of 'incapacitated', see regulation 25 (10-12) to schedule 1 of the Council Tax Reduction (Prescribed Requirements) (England) Regulations 2012.

²⁶ See regulation 25 (5-8) to schedule 1 of Council Tax Reduction (Prescribed Requirements) (England) Regulations 2012 for a full list of eligible charges and care providers.

- payments made by an applicant to their partner (or vice versa) in respect of any child for whom they are responsible;
- payment for care provided by a relative of the child which wholly or mainly takes place in the child's home.

Childcare charges are estimated over an appropriate period of no more than one year in order to arrive at an accurate average weekly charge.

Annex 4 - Definition of earnings as an employed earner

The definition of earnings includes the following:

- any bonus or commission;
- payments to compensate for loss of earnings but not redundancy payments;
- payments in lieu of notice or payments intended as compensation for loss of employment;
- holiday pay but not if it is paid more than 4 weeks after employment ends;
- payments made for a period when no actual work has been carried out, for example a retainer;
- any expenses which are not 'wholly, exclusively and necessarily incurred' in connection with employment such as travelling expenses between home and work;
- compensation for unfair dismissal from work and any other payment made under employment rights legislation;
- any statutory sick pay, maternity pay, paternity pay, adoption pay, and statutory parental bereavement pay;
- payments made by or on behalf of an employer to an applicant who is on maternity or paternity leave, adoption leave or is absent from work because of illness;
- non-cash vouchers which have been counted when calculating liability to pay National Insurance contributions.

The definition of earnings does not include:

- payments in kind except for non-cash vouchers as above;
- expenses which are 'wholly, exclusively and necessarily incurred' in connection with employment;
- any occupational pension;
- expenses arising from participation in consultation exercises on behalf of specified public authorities;
- any payment of compensation from an employment tribunal in respect of unfair dismissal or unlawful discrimination.

Annex 5 - Calculation of self-employed earnings

The earnings of a self-employed earner are the gross income from the employment. Local authority payments to foster parents, and certain kinship carers, are not treated as self-employed earnings but as income other than earnings.²⁷ The following are also not regarded as self-employed earnings: payments by a boarder living in the applicant's accommodation, and sports awards.

Royalties, copyright, design, patent, trademark and Public Lending Right Scheme payments are taken into account over a set period of weeks. The number of weeks is obtained by dividing the amount of the payments by the amount of council tax reduction which would be payable had the applicant not received the payments, plus the amount that would normally be ignored in their case.

The earnings to be taken into account are the net profit from the business less any amount which is ignored under [Appendix 3](#). Where a self-employed applicant is a partner (or a share fisherman) the net profit is their share of the profit.

In order to arrive at a figure for net profit, the following expenses are deducted from gross earnings:

- any expenses 'wholly and exclusively' incurred including repayments of capital on business loans for the replacement of equipment or machinery, or the repair of existing business assets (after any insurance payments);
- appropriate income tax and National Insurance contributions;
- one half of any sum paid periodically in respect of a personal pension scheme;
- net payments of VAT and interest payments on loans taken out for the purposes of the applicant's business.

The following items are not considered to be expenses:

- capital expenditure;
- depreciation of any capital asset;
- any sum earmarked for setting up or expanding the business;
- losses incurred before the period over which the earnings are calculated;
- repayment of capital on business loans;
- any debts owed to the business except certain irrecoverable debts;
- expenses that the Council consider have not been reasonably incurred.

Special arrangements apply in assessing the net profit of childminders. The net profit is one third of the earnings less income tax, National Insurance contributions and one half of the payments to a personal pension scheme.

²⁷ See paragraph 21 of Schedule 1 to the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 for a full definition.

Where an applicant has more than one employment as a self-employed earner, any losses incurred in any one of their employments cannot be offset against their earnings in any other of their employments.

Annex 6 - Calculation of income other than earnings

The following are examples of how an applicant's income other than earnings is calculated:

- where a benefit payment includes a deduction to recover an overpayment, it is the gross amount of the benefit that is taken into account;
- where an applicant is receiving a reduced rate of contributory Employment and Support Allowance because of a sanction, it is the full amount that is taken into account;
- where tax credit for the current tax year includes a deduction to recover an overpayment of tax credits for the previous year, it is the tax credit less the deduction that is taken into account.

Annex 7 - Income which is treated as capital (and capital treated as income)

The following income is treated as capital:

- occasional bonus payments to part-time coastguards, fire-fighters, and those manning lifeboats;
- refunds of income tax deducted from profits or emoluments chargeable to income tax under Schedule D or E;
- any holiday pay which is paid more than 4 weeks after the employment ends;
- with some exceptions (see [Appendix 5](#)) any income derived from capital but only from the date it is normally due to be credited to the applicant's account;
- any advance of employed earnings or any loan made by the applicant's employer;
- except for payments made by certain specified²⁸ trust funds, any charitable or voluntary payment which is not made, or due to be made, at regular intervals;
- the gross receipts of any commercial activity undertaken by a self-employed applicant receiving council tax reduction, but only if those receipts were payable into a special account;
- any arrears of subsistence allowance which are paid to an applicant as a lump sum;
- any arrears of working tax credit, child tax credit or state pension credit paid after an award of council tax reduction has been made;
- any payment made through an approved trust for providing assistance to a disabled person whose disabilities were caused by the Thalidomide drug.

²⁸ For the full list of specified trusts, see [Appendix 6](#) to this scheme under 'Compensation' on page 47.

The following capital is treated as income:

- capital paid by instalments outstanding at the date the application is made (or treated as made) which, together with other capital, would take the applicant over the capital limit;
- payments received under an annuity;
- periodic payments to the applicant as a consequence of personal injury.

Enhanced disability premium for a single applicant	22.00
Enhanced disability premium for a couple	31.40
Enhanced disability premium for a child	33.99

²⁹ This was limited to 2 children/young persons from 1st April 2018 in the prescribed scheme which applies to pensioners, but this limitation is removed from April 2025.

Severe disability premium for a single applicant	86.05
Severe disability premium for a couple (one qualifies)	86.05
Severe disability premium for a couple (both qualify)	172.10

A brief explanation of qualifying conditions for the various premiums:

Disabled child premium

This applies where an applicant or partner is responsible for a child or young person living in their household who meets at least one of the following conditions:

- is registered as severely sight-impaired or blind;
- receives Disability Living Allowance;
- receives Scottish Adult Disability Living Allowance;
- receives Child Disability Payment;
- receives Personal Independence Payment;
- receives the Adult Disability Payment;
- receives an Armed Forces Independence Payment; or
- would receive one of these benefits if they were not in hospital.

The disabled child premium is paid for each child who satisfies one of the above conditions. It is also paid for a period of 8 weeks following the death of child or young person, provided that Child Benefit is paid following the death.

Carer Premium

This applies where an applicant or partner is entitled to Carer's Allowance (including where Carer's Allowance is not paid because of overlapping benefit rules) or a Carer Support Payment. The applicant must have made a claim for Carer's Allowance or Carer Support Payment in order for the premium to apply.

Entitlement to the carer premium continues for eight weeks after caring or entitlement to Carer's Allowance or Carer Support Payment ceases, or where the person being cared for has died. The period of eight weeks begins on the Sunday following the death, or from the date of the death if this is a Sunday.

If entitlement to Carer's Allowance or Carer Support Payment ends for any other reason, the premium will continue to apply for eight weeks.

If both the applicant and their partner qualify for a carer premium, two premiums are paid.

Enhanced disability premium

This applies where an applicant or their partner or a member of their family is under the qualifying age for State Pension Credit and receiving the disability premium or income-related Employment Support Allowance, and one of the following:

- Personal Independence Payment daily living component at the standard or higher ('enhanced') rate;
- Armed Forces Independence Payment;
- Disability Living Allowance care component at the highest rate;
- Scottish Adult Disability Living Allowance at the highest rate;
- The care component of Child Disability Payment at the highest rate;
- The daily living component of the Adult Disability Payment at the enhanced rate;
- would receive one of these benefits if they were not in hospital.

Or an applicant is in the support group for income-related Employment Support Allowance.

Severe disability premium

This applies where an applicant is receiving one of the following qualifying benefits:

- Personal Independence Payment daily living component;
- Armed Forces Independence Payment;
- Disability Living Allowance care component at the middle or highest rate;
- Scottish Adult Disability Living Allowance care component at the highest or middle rate;
- Attendance Allowance (or Constant Attendance Allowance paid with Industrial Injuries Disablement Benefit or War Pension);
- Pension Age Disability Payment;
- The daily living component of Adult Disability Payment at the standard or enhanced rate; or
- would receive one of these benefits if they were not in hospital.

A further condition is that there are no non-dependants aged 18 or over is living with the applicant, unless they are in one of these situations:

- they receive a qualifying benefit;³⁰
- they are registered blind;
- they are a boarder or sub-tenant (but not a close relative);

³⁰ The qualifying benefits are Attendance Allowance, the care component of Disability Living Allowance at the highest or middle rate, the care component of the Scottish Adult Disability Living Allowance at the highest or middle rate, or the daily living component of Personal Independence Payment at the standard or enhanced rate.

- they make separate payments to the landlord.

The severe disability premium is not paid if someone is receiving Carer’s Allowance, a Carer Support Payment, or the carer’s element of Universal Credit, for looking after the applicant.

Couples receive the higher amount of severe disability premium if both of them are eligible, or the lower amount if:

- someone receives Carer’s Allowance, a Carer Support Payment, or the carer’s element of Universal Credit, for looking after only one member of the couple; or
- only one member of the couple meets the eligibility criteria and the other is registered blind.

Appendix 2 - Alternative Maximum Council Tax Reduction (or Second Adult Reduction)

Applicants may qualify for council tax reduction through the alternative maximum council tax reduction route, sometimes known as the second adult reduction or rebate. This is where there is a second adult (or adults) sharing the household who would normally be expected to contribute towards the council tax bill, but who cannot afford to do so. The amount of the reduction depends on the income of the second adult:

Where the second adult or all second adults are in receipt of Income Support, income-related Employment and Support Allowance, income-based Jobseeker’s Allowance or State Pension Credit.	25% ³¹
Where the gross income of the second adult, or where there is more than one second adult, their aggregate income (ignoring income from income-related benefits) is less than £289 per week.	15%
As above, but where the income is £289 per week but less than £375 per week.	7.5%
Where a dwelling would be wholly occupied by students (who are not entitled to council tax reduction under the main scheme) but for the presence of one or more second adults in receipt of an income-related benefit.	100%

In calculating a second adult’s gross income, payments of Attendance Allowance, Disability Living Allowance, Personal Independence Payment or Armed Forces Independence Payment are ignored. Payments from certain specified trusts such as the Macfarlane Trust are also ignored.

³¹ Where an applicant is jointly liable for council tax with one or more persons in the household (other than their partner), the amounts in this table are divided by the number of persons who are jointly liable.

Appendix 3 - Earnings that are ignored fully or in part

Earnings paid before the first day of entitlement

Where an applicant ceases employment as an employed earner because of retirement and is entitled to retirement pension (or would be if they satisfied the contribution conditions), their earnings are ignored from the date after the employment has been terminated.

Where an applicant ceases employment as an employed earner, for reasons other than retirement, before the first day of entitlement to council tax reduction, their earnings are ignored except for certain specified payments.³²

Where an applicant has not ceased employment, but their working hours have decreased to fewer than 16, or they are ill before the first day of entitlement to council tax reduction, the earnings are ignored.

The above paragraphs also apply when an applicant has been working part-time (fewer than 16 hours a week) and that employment either comes to an end or is interrupted.

Similar arrangements apply when employment or part-time employment as a self-employed earner comes to an end: earnings, other than royalties or analogous payments, are ignored from the date the employment ended.

Earnings paid when council tax reduction has been awarded

The applicant's earnings which are ignored are shown in the table below. The amounts shown are not cumulative.

Amount ignored	Circumstances which must apply
£20	Entitled to a disability or severe disability premium, Scottish Adult Disability Living Allowance, Adult Disability Payment, Pension Age Disability Payment, work-related activity or support component of Employment and Support Allowance or a carer premium. (NB £20 in total for couples.)
£25	Lone parent.
£10	Couples where £20 is not ignored.
£20	Where the applicant receives earnings from employment as a part-time fire fighter, auxiliary coastguard, manning or launching a lifeboat or being a member of any territorial or reserve force. (NB £20 in total for couples if they are both employed in this way.)
£5	Single person where £20 is not ignored.
£195.50 or £20	Applicants who satisfy the rules for permitted work at either the higher rate (£195.50) or the lower rate (£20). ³³
All	Earnings of a child or young person.

³² The specified payments are retainers, compensation for unfair dismissal, payments deemed to be earnings, guarantee payments, and remuneration on suspension from work on medical or maternity grounds following a complaint to an employment tribunal.

³³ See paragraph 6 of Schedule 4 to the Council Tax Reduction (Prescribed Requirements) (England) Regulations 2012 as amended.

Where £20 of an applicant's earnings are ignored under the above provisions within a period of 8 weeks of reaching pension age, and they continue in employment, £20 of their earnings continue to be ignored, providing there is entitlement to council tax reduction. This also applies if there is a break which does not exceed 8 weeks in either their employment or entitlement to council tax reduction, following the first day in respect of which an award of council tax reduction is made under this scheme.

If earnings are paid abroad and cannot be transferred to the United Kingdom they are ignored whilst the situation exists. If earnings paid in a different currency have to be converted into sterling, any banking charge or commission is ignored.

In addition to the amounts listed in the table above a further £17.10 is ignored where the applicant:

- qualifies for a 30-hour element in the calculation of their Working Tax Credit;
- is aged at least 25 and who works for at least 30 hours a week or who has a partner who does so;
