MOVE MORE SURVEY

Share your voice - scan the QR code to take part in our survey and influence how physical activity is planned across Trafford. Your input will directly shape how people are supported to move more.

The information you share will be used by Trafford Council and its local partners to understand how people across the borough get active, what helps them, and what gets in the way.

You'll be helping us create better spaces, programmes and opportunities for everyone in Trafford to move more, every day. There are a number of incentives to say thank you for taking part. More details can be found in the survey.
