Please provide your comments below and explain your reason for supporting opposing or commenting on this specific part of the document Please include suggestions as to how you think we can improve the document:	The verbally stated reason for inclusion of an indicative Metrolink route through Davenport Green and a proposed station is that these are required because of Statutory Order 1266. This is incorrect as Section 34 of Statutory Order 1266 shows that the 5 year period in which any compulsory purchase of land might have taken place, had it been necessary, has long since lapsed, thereby rendering Statutory Order 1266 null and void. This document can be improved by deletion of all reference to any proposed future Metrolink route through, or provision of a station at, Davenport Green.

Dear Sirs

As, "High Speed 2 route alignment through Trafford including a station to serve Manchester Airport on land at Davenport Green" is not sustainable, the word "sustainable" used in this connection should be removed from the Land Allocations documentation.

Yours faithfully

Jeremy C. Williams

Other including omissions and suggestions for proposed amendments:	Re the sentence on p.71 that reads, "In addition, as any new development would have the potential to be built in accordance with policy L7.4 of the Core Strategy, the policy could have a major positive impact on the objective that relates to crime and fear of crime," this is highly speculative and has no objective basis in fact. Its inclusion and similar statements on p. 72 detract from any credible argument and should be deleted.

Please provide your comments below and explain your reason for supporting opposing or commenting on this specific part of the document Please include suggestions as to how you think we can improve the document:	As there are very few positive sustainability tests that one could possibly apply to any proposed use of the Davenport Green site, reference to crime and fear of crime should be avoided, as they appear to convey something of a sign of desperation with regard to finding something positive to say about the site. The document can be improved by deleting any reference to crime and fear of crime with respect to policy EM4.
